THE TANDEM PIN PULLER

End the Frustration.

TIRED OF HASSLING WITH TANDEM LOCKING PINS?

Even in picture-perfect weather, you know how frustrating and time-consuming pulling off a tandem slide can be without help and a great effort.

Carefully designed in association with long and short haul drivers, STA-RAT™ (Semi Tandem Axle Release Assist Tool) eliminates the difficulties associated with releasing the tandem locking pins, and turns a chore into a simple task.

Now you can single-handedly perform the tandem release with the amazing STA-RAT™.

HOW DOES IT WORK?

With the upper hook of STA-RAT™ placed on the release handle, a simple tug will pull the trigger that disengages the foot of the tool. The foot extends to the frame of the tandems applying constant pressure on the tandem release handle.

As the driver gently rocks the trailer forward and back to unbind the tandem locking pins, STA-RAT pulls the release handle! In this extended position the handle of STA-RAT is visible in the rear view mirror to alert the driver to slide the tandems into their new position.

The tool is easily removed with a quick twist, easily reloaded for convenient storage, and gets you **back on the road, making money!**

Just that quick. Just that easy!

Drivers all over the country are writing in about how they can't believe they ever got along without STA-RAT!

When "loaded", STA-RAT™ measures less than two feet in length, and weighs only 3 lbs. making it compact and easy to store.

STA-RAT IS THE PROVEN ANSWER!

STA-RAT™ works on all vertical and horizontal pull release mechanisms/handles.

Tested across the highways of North America, STA-RAT™ is answering the problems associated with tandem slides. Don't wait until the next time you're faced with sliding tandems to recall how much time and effort you've wasted.

Order *your* STA-RAT™ today and say goodbye to the frustration of tandem slides!

3 VARIATIONS AVAILABLE...

STA-RAT Corp. offers 3 variations of the tool:

- **LIGHT Pull Force**
- **MEDIUM Pull Force**
- **MAXIMUM Pull Force**

If you are unsure which pin puller will suit you best, please don't hesitate to call us Toll Free 1-877-448-1220.
