Requirements

Bring: YOUR OWN TOWEL AND APRON TO CLASS. This is especially important for wheel throwing courses and workshops.

Courses (multiple sessions): Course fees include one bag of clay (with the exception of our eight week Extender Wheel Throwing Course), decorating materials, firing costs and tuition for the course. We encourage students to utilise only one bag of clay during the course as there is a \$50 fee for a second bag of clay. When collecting work after the completion of the course please bring your own box and packing materials.

Workshops (one and two day): Workshop fees include materials required for the workshop and tuition. Firing is included in workshop fees, unless otherwise stated in the workshop outline. Bring a box to take home work in progress.

Clothing: All course and workshops are hands on, please wear appropriate clothing (that you are prepared to get dirty!), covered shoes are essential.

Firing of work: We take extreme care with your work but accidents do happen and we are unable to guarantee that all your work will be successfully fired.

Work created: Student work takes approximately 2-3 weeks to be fired. Students will be notified by email when work is ready for collection. Items created during a course or workshop will be kept for one month from the day of notification. If work is not collected within this time it will be disposed of to make space for the next term's courses.

Returning students: Students who are returning are eligible for a free weekday Studio Access session valued at up to \$35, valid for up to 6 months past the class date. Students must provide proof of enrolment in the class at time of claiming the studio access.

Refreshments: Tea and coffee are freely available all day. For one and two day workshops there will be a short break for lunch. Students can bring along their own lunch.
