

## Custom Color Matching Form

To ensure the closest color dye match possible to your car, mail us a sample of your vehicle's interior leather with this custom color matching form. You can usually find extra leather under your front or passenger seats, under the cushions of your back seats and around the headrest. Sending us a 1x1" square size leather sample is ideal for testing the dye color. We can work with any shape sample that is large enough.

The information below will give us a way to contact you, as well as better understand your leather project to make sure you have what you need for an excellent result.

Name:	
Email:	
Phone:	
Address (city, state & zip)	
Automotive or Upholstery project? (check one) <input type="checkbox"/> Auto <input type="checkbox"/> Upholstery
