As a new parent

I was always concerned about keeping my 6 month old daughter warm and comfy without limiting her ability to play and move around.

Finding clothes with particular qualities became a challenge. I tried warm sweaters that were usually designed to be bulky and it left my daughter feeling uncomfortable and incapable of moving around freely. In contrary, I also tried bodysuits to give her ability to move but it did not sustain enough warmth during those wintry days.

As I continued my search for new children brands to try, I started to become more aware of the materials and production process of the products itself as opposed to just basing my purchases on the physical aspects of the wardrobe.

The equation

I have always loved cashmere. With the knowledge that I've gained from doing my mommy research, I was able to combine my love for cashmere and mixed it in with my ideal wardrobe for my baby. Cashmere is luxurious, elegant, and durable. It can be used as an everyday garment and can also be classy enough to be worn during a special occasion. Light in the feel but warm enough for the cold.

And here we are

And just like the good old fairy tale stories with their happy endings, the Mila Christina Cashmere for Babies & Kids was born!

THE CLASSIC COLLECTION

Our classic collection was launched in June of 2016 and was mainly composed of 3 styles in solid colors: Turtle Neck, Crew Neck, and V Neck.

The line ranged in sizes 6M to 24M.

THE ORIGINS COLLECTION

The pieces are unique, edgy, and fashionable. It is mixed with the 2 elements that the designer loves the most: Cashmere and African prints.

Born in Cameroon, Central Africa, Ollia created this collection as a part of her identity and salutation to her

origins. The collection is inspired by the print from both Central and West Africa.

Additionally, the line now extends to 5T and special packages such as mommy-and-me and daddy-and-me are now available!

THE ORIGINS COLLECTION

“

The ORIGINS Collection of Mila Christina, Cashmere for babies, is close to my heart because I incorporated aspects of my culture and background in the designs.

RUSSIAN WINTER COLLECTION: FALL/WINTER 2019

Born and raised by a Russian mother, the designs for the Russian Winter collection are inspired by popular Russian childhood stories Ollia's mother read to her at bedtime and also from different art and paintings her mother had brought with her from Russia when she moved to Cameroon.

For the 2019 Russian Winter Collection, Mila Christina Cashmere for Babies & Kids released 3 designs: The Fire Bird Design, The Flower Design, and The Matryoshka Design.

**THE
FIRE BIRD
DESIGN**

The story of the Firebird has inspired many Russian literary works it is represented by a large bird with majestic plumage that glows brightly emitting red, orange, and yellow light.

"I remember the Fire Bird from Ivan Tsarevich and the Grey Wolf's tale, the image of the bird always stuck in my head. When I thought of the Russian Winter Collection I knew that the Firebird had to be part of it. It is a great design for Kids!"

Ollia N.

**THE
FLOWER
DESIGN**

When Ollia's mother moved to Cameroon in 80's, she took with her a black table that had traditional red, golden and green Russian flower paintings. These flower paintings are embroidered in red and in a golden version on the sweaters of the Russian Winter collection.

THE MATRYOSHKA

Famously known in English as
"Russian Dolls"

"if there is something that everyone
knows about Russian is probably
the Russian dolls. We had a couple
of those in our house when growing
up and I still have them in my home
today!"
