

SWEET WATER DECOR

HOLIDAY
2025

BRINGING *light* INTO YOUR *life* AND *home*

ILLUMINATE, ELEVATE, INSPIRE

Inspired by those special moments that make life feel full, we create candles and home decor to bring light into peoples' everyday lives. We're here to help you feel grounded and connected to those moments through cozy, comfortable spaces and fragrances you'll want to revisit time and time again.

FROM CANDLE ONE TO TWO MILLION

A home for elevated essentials that make every day a little more special, Sweet Water Decor was created in 2014 by Pittsburgh-native candle and coffee enthusiast, Melissa Horvath.

What started as a business built out of Melissa's basement is now defined by milestones we're so grateful to have achieved. Our always-growing team is committed to quality, collaboration, and care. In 2018, we were named one of Amazon's Woman Owned Businesses to watch, and in 2022, we sold our two millionth (yes, millionth!) candle.

As we grow, we continue to find—and create—light in every moment. We're so grateful to have you with us.
