## Introduction

Founded in early 2002 Weber was established with a sole objective to answer Asia's growing need for unsurpassed quality in LED lighting. From the very start, we embedded a sense of practicality and passion in our manufacturing. It did not take us long to get our fixtures approved from two of the top LED manufacturers in the world CREE (USA) and OSRAM (Germany) thanks to there support we are now in process of setting up one of our manufacturing units in the Middle East region.

Our primary focus in the Middle East is the FD series LED floodlight and the ST series LED streetlight, we have sold thousands of these units to many satisfied customers. Please have a look at our products section, we are sure you will find something of interest please feel free to call our sales specialists, depending on your particular requirement we can also do special custom builds.

Currently we are operating in the Middle East & North Africa though our sole distributor in Saudi Arabia Pearl Trading International. Pearl has a trusted and solid reputation for providing the best service and support in the MENA region, they are located in the Jubail Industrial Area, Saudi Arabia.
