Caperplus C1  
intelligent heater to market

in 2016

Caperplus C1+  
intelligent heater to market

## Brand

In 2015, we released the first intelligent aquarium products -- **Caperplus C1 Intelligent Heater**. In September the same year, C1 launched the public to raise activities, taken the first step in branding products.

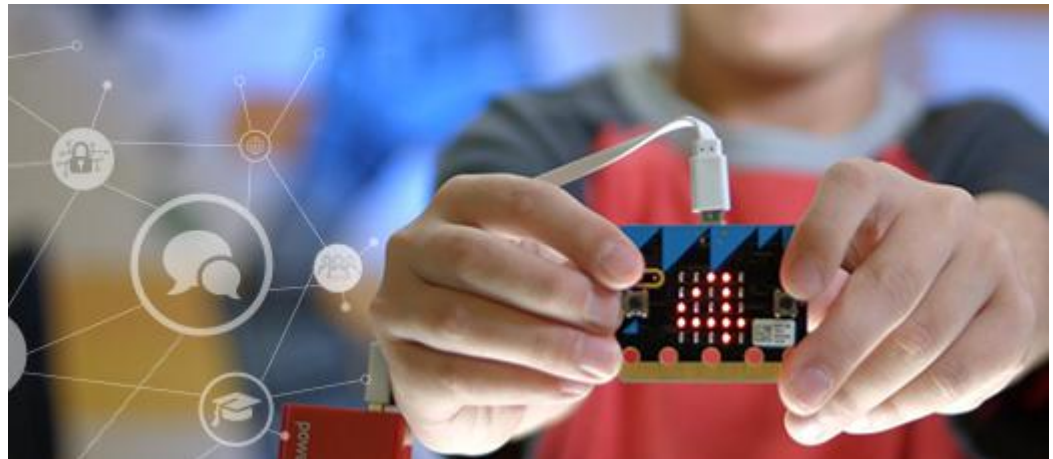

# Goal

Create intelligent systems  
integration first-class  
enterprises, China's first brand  
of intelligent aquarium  
supplies-----

## Caperplus

☆ Modern smart aquarium supplies,  
the use of advanced intelligent  
technology to bring people healthy,  
comfortable, safe and happy living  
and working environment.

## Caperplus C1 Intelligent Heater

### Product introduction

### Product parameters

Model	Caperplus C1		
Control Box	length 120mm	width 74.5mm	height 28.5mm
Heating Rod	300W	length 280mm	diameter 33.5mm
	500W	length 380mm	diameter 33.5mm
Input	AC220-240v50/60HZ		

## Caperplus C1 Intelligent Heater

Product functions——More convenient

**1、 Real-time monitoring:** Know about fish tank temperature at anytime and anywhere.

**2、 Remote control:** Can control the heater remotely by WiFi.

Current Temperature

Set Temperature: 20 °C

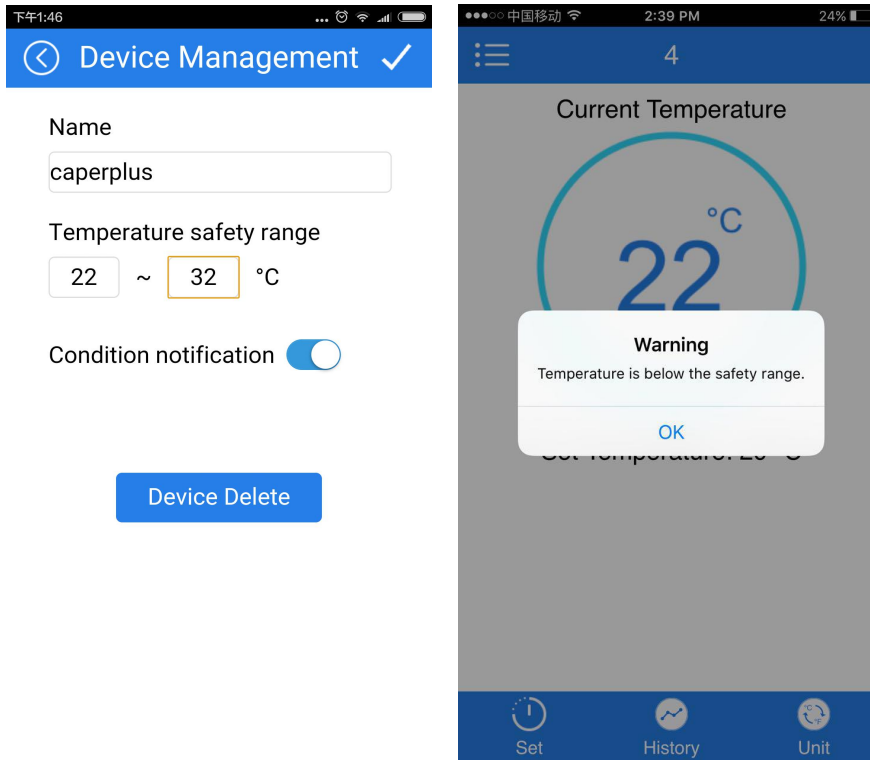

Set Temperature

## Caperplus C1 Intelligent Heater

### Product functions——More relieved

**1、 Abnormal alarm:** Temperature anomaly, abnormal temperature sensor, heating rod failure will automatically send an alarm message.

**2、 Power off network alert:** The first alarm is sent out 35-60 minutes after power failure or network interruption, and then sent every 30 minutes for a total of 6 times.

**3. Working status push:** it is heating or stop heating.

# Caperplus C1 Intelligent Heater

## Product functions——More secure

**1、 Power-off memory:** Remember the previous settings after power-off, and it will automatically resume when the power is restored .

**2、 Overtemperature protection:** When the fish tank temperature over 35 ° C will power off automatically.

**3、 Dual relay protection:** Avoid boiling fish, double protection, more secure.

We have not stopped the pace of progress, in order to meet the needs of different users, we launched in September 2016 a new generation of products --- **C1+ intelligent heater**, for the fish to provide a more comprehensive protection to the user a more intimate experience.

The same shape, peace of mind.

## Caperplus C1+ Intelligent Heater

### Product introduction

### Product parameters

Model	Caperplus C1+		
Control Box	length 120mm	width 74.5mm	height 28.5mm
Heating Rod	300W	length 280mm	diameter 33.5mm
	500W	length 380mm	diameter 33.5mm
Input	AC220-240v50/60HZ		

## Caperplus C1+ Intelligent Heater

### Product Functions

- 1、 One by two: **Can be accessed by two heating rods.**
- 2、 Double temperature probes : **Detect temperature is more accurate.**
- 3、 Real-time monitoring;
- 4、 Remote control;
- 5、 Abnormal alarm;
- 6、 Power off network alert;
- 7、 Working status push;
- 8、 Power-off memory;
- 9、 Overtemperature protection;
- 10、 Dual relay protection.

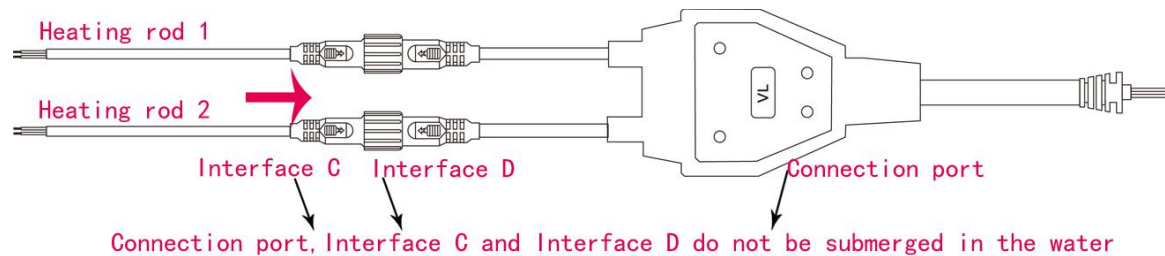

## Caperplus C1+ Intelligent Heater

### Product advantages

#### 1. Double heating rods

Heating rod Y-type one-to-two waterproof docking plug: control two heating rods at the same time, to achieve a combination of a variety of free wattage (300W/500W/600W/800W/1000W) .

# Caperplus C1+ Intelligent Heater

## Product advantages

### 1. Double heating rods

- (1) Up to 1000W, heating speed, to meet more customer needs;
- (2) Free to replace the heating rod. In the case of unnecessary use of two heating rods, the other can be removed.

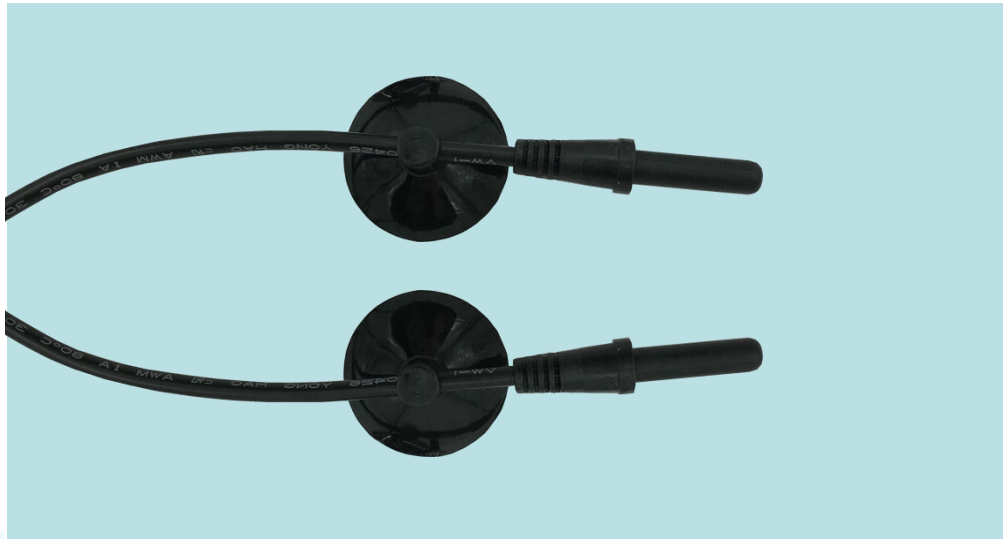

## Caperplus C1+ Intelligent Heater

### Product advantages

#### 2. Double temperature probes

- (1) Detect temperature is more accurate;
- (2) Thermo-sensitive probe wire length enough, can be arbitrarily placed in any position in the tank. Two probes, a difference of more than 3 degrees to stop heating, and alarm.

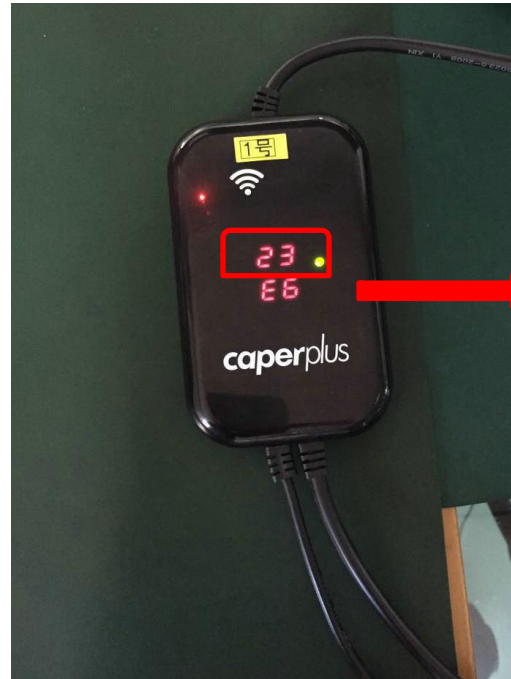

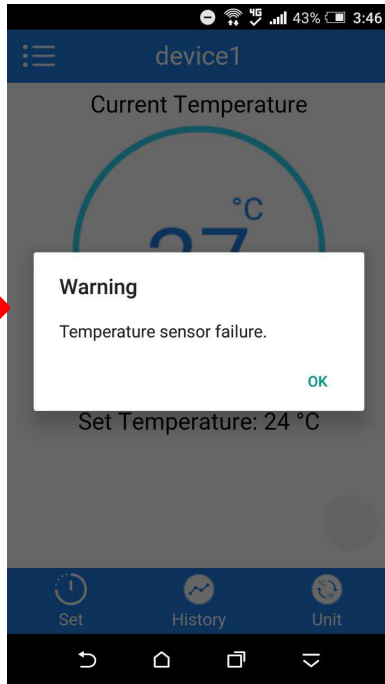

## Core Product

# Caperplus C1+ Intelligent Heater

### Product advantages

When the two temperature sensor temperature difference of 3 degrees or more, immediately stop heating, and at the same time issue an alarm.

① Phone push alarm interface.

② The control box displays: E6, and automatically sounds an alarm.

### C1 + alternative use

Heating rods are available throughout the year

Even not in winter, C1 + can also be used as a **temperature monitor and alarm**. Remove the heating rod bar, the probe can detect the temperature of the fish tank, you can continue to view the fish tank through the APP at anytime and anywhere, when the temperature anomalies or power off the net, or can receive the APP alarm message.

### Our service

#### After - sales service policy

Since the customer within one year from the date of purchase, due to product quality problems caused by their own reasons, the company responsible for the free maintenance. At the same time, customers in the use of products in the process, run into any problems, can be directly linked to our customer service, we will provide the most timely and most professional after-sales service.

# Thank you !
