

*This product is not legal for sale or use in
The United States on pollution controlled motor vehicles.

IMPORTANT NOTES

Always tune the vehicle before installing any aftermarket parts! Make sure aftermarket electronics are turned off and a battery charger is hooked up to the vehicle!

6.4L Powerstrokes

1. Identifying your transmission

- 1.1 From the main menu select **Vehicle Info** (on a livewire scroll to the right with the ghost arrow)
- 1.2 Look for your **TCU Strategy** you will either have a TQJE_ or a TQJF_ circle which one your vehicle is.

2. Programming the vehicle

- 2.1 Select **Program Vehicle** from the main menu.
- 2.2 Scroll down until you see **available custom tunes**. You will have 10 files to choose from based on your **TCU Strategy**.

Stock Power	Tow Full Capacity	300 HP & 540 FT-LBS
Tow	Tow Full Capacity	+50 HP & 100 FT-LBS
Performance	Tow up to 6K LBS	+150 HP & 300 FT-LBS
Race	Towing Not Recommended	+275 HP & 610 FT-LBS

ONLY 2 POWER LEVELS ARE INLCUDED FOR A MANUAL TRANSMISSION CONTACT THE DEALER YOU PURCHASED THE TUNER FROM FOR THE REST OF THE TUNES.

6.7L Powerstrokes

1. Identifying your ECU strategy

1.1 From the main menu select **Vehicle Info** (on a livewire scroll to the right with the ghost arrow)

1.2 Look for your **ECU Strategy** and determine if it is on the list below.

DDBZ1AA	DDBZ1A6	DDBZ1A8	DDBZ1CA	DDBZ1C4
DDBZ1C5	DDBZ1D4	DDBZ1M3	DDBZ1M5	DDBZ1N2
DDDF2A7	DDDF2C5	DDDF2D8	DDDF2N3	DDDG1AA
DDDG1A4	DDDG1C4	DDDG1C7	DDDG1D3	DDDG1R3

1.3 If your **ECU Strategy** is on the list above skip to step 2, if it is **not** on the list continue to step 1.4

1.4 Attempt to program your vehicle and it will give you an error to update your device. Once you get this error go to www.sctflash.com/support and select which tuner you have. Download the update software and then update your device.

2. Programming the vehicle

2.1 Select **Program Vehicle** from the main menu.

2.2 Scroll down until you see **available custom tunes**. Select the tune you would like with the correct year for your vehicle (ex: 11-12, 13-14, 15-16, 2017). You will have 5 files to choose from.

Stock Power	Tow Full Capacity	390 HP & 750 FT-LBS
Heavy Tow	Tow Up to 15K LBS	+35 HP & 120 FT-LBS
Light Tow	Tow Up to 6K LBS	+75 HP & 230 FT-LBS
Performance	Tow Up to 3K LBS	+130 HP & 350 FT-LBS
Race	Towing Not Recommended	+180 HP & 450 FT-LBS

*HP numbers depend on year of the vehicle

*On all 6.7L Powerstrokes three plugs need to be unhooked after flashing the vehicle, The EGR Valve, The EGR Throttle Valve, and The EGR Vacuum Actuator. All three are Pictured Below.

This product is designed for closed course off-road competition ONLY.
