## INCLUDED EQUIPMENT

## WARNING

Please use adult supervision and follow the instructions when setting up and using this net. Regular use or abuse will eventually strain the netting and may break it. Do not pull on net or wires once the net is assembled to the hoop. Pulling on the net or wires could result in failure or damage to the product.

# LED BASKETBALL NET SET-UP INSTRUCTIONS

1. Locate the long loops at the top of the LED Basketball Net.

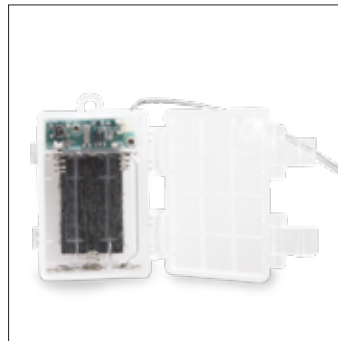

2. Push the net loop through the rim hook.

3. Attach the net loop to the rim hook.

4. Pull the net loop tight and make sure it's attached.

5. Insert 3 AA batteries (not included) into the battery pack.

6. Carefully remove the tape and place one side of the 3M Velcro tape on the back of the battery pack, then remove the other side of the tape and attach the battery pack to the back of the basketball backboard underneath the hoop or on the backside of the pole. NOTE: It is important to place the box in a place that it will NOT be impacted by the ball during play. Impacting the battery box could result in product failure.

7. Use the remote to turn the light on and off and to adjust the color and/or light pattern.

8. Now you're ready to play all day and into the night with your LED Basketball Net from Rukket Sports!
