

Residential Energy Tax Credit

Qualifying Appliance (Biomass)

227 Industrial Park Rd.

South Pittsburg, TN 37380

VG5713 VG520

VG5717

VG5722

The thermal efficiency of this biomass stove has been determined to meet the energy efficiency requirements to qualify for the Residential Energy Credit (IRS Section 25D).

The U.S. Stove products listed complies with the guidance published by the U.S. Internal Revenue Service (thermal efficiency rating of at least 75%). Homeowners should consult with their tax advisor to determine whether they qualify for any potential income tax credits.

A handwritten signature in black ink, appearing to read "John D. Varles", is written over a solid black horizontal line.
