The MaksPatch range of veggie dog snacks are a delicious and healthy treat without meat. We take sweet potatoes and peas, bake them with natural ingredients and fortify them with health boosting, natural additives to create a delicious range of dog snacks with a taste dogs can't resist.

Our Ingredients

Sweet potato flour, pea flour, vegetable glycerine, vegetable oil, dried brewers yeast, calcium carbonate, potassium sorbate, natural flavours, dried tomato, dried pumpkin, dried carrot, paprika, dried blueberry, dried banana, 100% peanut butter, dried apple, dried spinach, mint, parsley, kelp.

Benefits of the ingredients

Sweet potatoes are great for digestive health because they're high in dietary fibre. They're also low in fat and contain vitamin B6, vitamin C and magnesium. They have a sweet flavour dogs just love.

Peas are amongst the healthiest veg for your dog. A great source of vitamins A, B, & K. Packed with iron, zinc, potassium, and magnesium. Rich in protein, high in fibre. Over 70% of the composition is made up from sweet potato & peas alone.

Brewer's yeast is rich in antioxidants which can make your dog's skin healthier and coat shinier. Calcium carbonate is an essential mineral for dogs. Vegetable oil is used to enhance the flavour and is also a source of necessary fat needed for energy and body development. Vegetable glycerine is used to bind all the ingredients together and give the chew its desired chewiness.

All feeding guidelines are on the back of each box. All snacks are part of a balanced diet

Pumpkin is packed with nutrients that benefit the overall wellbeing of your dog

Peanut Butter - Not only is it a good source of protein, but it also contains heart healthy fats, vitamin B, niacin and vitamin E

Blueberries are high in vitamin C, fibre and Antioxidants

Carrots are rich in beta-carotene and Vitamin A

Apples are a great source of vitamin C, fibre, calcium and phosphorus

Bananas are high in potassium, vitamin B6 and C, high in fibre

Coconut oil can increase energy levels, improve skin and coat, improve digestion and reduce allergic reactions

Healthy without compromise

As part of a balanced diet, MaksPatch fills the gap where dogs can **treat without meat!**

Our treats are completely **vegan, rawhide, grain & gluten free**. With **no added sugar** they are **low in fat and hypoallergenic**. As one MaksPatch fan wrote in “Our dog was diagnosed with Pancreatitis, these are the only treats we can find that do not upset her digestive system.”

MaksPatch are a delicious, nutritious, & healthy daily snack, that dogs’ find irresistible. Locked in aromas of real fruits, veggies, nuts, & oils make sure that they not only taste great but smell truly enticing.

The MaksPatch range is founded on healthy eating, using natural ingredients with health boosting benefits. With a variety of different vegetable and fruit-based flavours, your pooch won’t get bored of our scrumptious snacks.

We feel passionate about not only what we feed our dogs, but for the planet to. Our mission is to provide an eco-friendly, sustainable, and ethical substitute to meat snacks. If we’re feeding dogs healthy foods, without impacting the environment, then that makes us very happy.
