Canto

GREENER
BY NATURE

Canto, derived from the latin, cantare; to sing. Canto from N&W

Something to sing about. Bristling with patented technical innovation from the new brewers, new freemix soluble mixers, and new polypropylene boiler tank, all in perfect harmony with the pumped water system to deliver drinks of the highest quality. Large area for branding panels perfectly illuminated by environmentally friendly, class 1, LED lights enhances CANTO's aesthetically pleasing visual impact. The user-friendly selection interface also benefits from the use of LED's. Aluminium and bright diamond black polycarbonate panels, which are both elegant and sturdy, complete CANTO's high quality image. Ease of cleaning and maintenance complete the offer of this highly advanced machine, along with the introduction of the highly anticipated 12oz versions, the Canto will surely become the market leader in its class. CANTO - a new song destined to become a classic.

■ **HIGHLY-ADVANCED USER INTERFACE**

- Internal cabinet light as standard
- 22 direct selections lit by LED's Keypad version also available
- Modular and easy to change selection labels
- Elegant aluminium door
- Large 10 line graphical LCD display
- 'Light Path' of flashing LEDs for coin entry, product dispense and coin return guides the user through the purchasing process
- Possible to install up to three payment systems
- Colour video screen available as an option
- Large printing area

■ **HIGHLY-ADVANCED TECHNOLOGY**

Canto is available in Espresso plus Fresh Brew, Instant and Fresh Brew versions.

- FREEMIX patented technology for instant products
- New pump technology replacing solenoid valves increases accuracy and helps reduce scale
- New high-capacity 5.3 litre, scale resistant polypropylene boiler tank
- New 24 Volts variable speed mixer
- Patented Sigma Fresh Brew brewer
- Three programmable energy saving modes
- New Z4000 Brewer with bi-directional movement for a faster vend cycle
- New 'Post Selecton' software available, allowing the sugar and strength options to be selected after the drink has been chosen

■ **HIGHLY-ADVANCED MAINTENANCE**

- New transparent cup tubes for easy stock control
- Colour coding of the key components for ease of cleaning and operating
- Filters and gaskets easily accessible
- Advanced and flexible electronics
- Hygiene kit included
