January 29th is National Puzzle Day. Try decoding these rebuses to celebrate! First decide what word each picture is showing, and then add and subtract the letters given. Once you've solved the word "equations", the remaining letters will spell out a word relating to puzzles! Can you decode them all?

1. j + − p + = _____

2. − d + g + = _____

3. − wn + − flo + − m + d = _____

4. + − e = _____

5. − ri + − ow + − h = _____

6. s + − m + − co + u = _____

7. j + − th + − fi = _____

8. − n + − n + − boo +

= _____

Exploring... ...with a fun twist for kids!
