

**"A Right Royal Affair"- A FREE themed puzzle to celebrate the long weekend!**

**Mission:** Sydney's historic city has many streets named after Kings, Queens, Princes and Dukes. Each clue will take you to a different "Royal" street where you can find the answer!

**Rules:** You'll need a PC to go 'exploring'. Read the clue, then copy/paste the coordinates (in brackets) into a Google search. Don't forget the "-" signs! Select Maps, zoom in as far as possible, then drop the "peg-man" onto your location pin to get Street View. You will need to look all around and above you and maybe zoom in, to get your answer.

**All done?**

Re-arrange the letters in the yellow squares to find a name! Why are they special?
