

# ThinkCentre M920q Tiny

A premium desktop PC that's no bigger than a book, yet packed with the performance, connectivity and remote management features every office needs. Because of its small size, there is great flexibility in how and where it can be used; for example, locate in meeting rooms to power large displays or mount under users' desks with the optional bracket.

## Mainstream computing for a variety of business uses

Our best ultra-small desktop; ThinkCentre M9 Series Tiny offers high-performance desktop computing, plus remote management and security features, all backed by our reputation for reliability.

6x USB ports ensure printers, scanners and other peripherals can be connected directly to the device. Connect up to 3 displays at 4K resolution with 1x DisplayPort, 1x HDMI plus an optional 3rd port (HDMI, DisplayPort, USB-C or VGA)

Optional ThinkCentre Tiny Storage Unit connects to the side of the device, providing a DVD burner or secondary storage drive.

Responsive PCIe SSD storage and high capacity DDR4 memory make this device ideal for data analysis workloads.

## Lenovo services

Lenovo delivers tailored sustainability services, devices, and infrastructure solutions from our broad portfolio, working closely with you to support your target outcomes across the IT lifecycle..

### Asset Recovery

- We pay up-front for your old equipment
- We repair and re-market your hardware where possible
