

# RUBBER FURNITURE

Our product-line **RUBBER** furniture is being made of used tires, exclusively produced for **KHMISSA** in Maroc only. It's recycling at its best: after millions of turns in thousands of kilometers on the road these tires turn into objects of modern design. Marvelous unique pieces of art emerge from waste materials due to the high level of traditional Moroccan craftsmanship. They smartly can be combined with almost any style of interiors.

**KHMISSA**  
MOROCCO DESIGN
