

Cottage Latch Right Hand

Cottage Latch Left Hand

Please use these two drawings as a guide to choosing the latch handing for the way your door is hung.

The simplest way to choose the correct latch is to stand in front of the door on the side that opens towards you.

If the door is hinged on the left and opens towards you, then you need a right hand latch

If the door is hinged on the right and opens towards you, then you need a left hand latch
