Introduction

Help students with geography and world boundaries with this Whiteboard Globe that turns learning into a hands-on experience! This 14" diameter bright-white globe has many of the features of a regular globe, including clearly defined borders. Continents are outlined in blue and latitude and longitude lines are also shown. The surface of the globe is laminated so you can easily write on the globe with a dry erase marker and clean it to be used again in the future. Caution: Please test your markers for erasability before use. We suggest cleaning with a dry cloth.

The "Write on Globe" can have many uses in social studies, history, geography, or earth sciences. Rest assured that any creative teacher can find many ways to work it into his or her lesson plans.

Included

Whiteboard Globe, 1 dry erase marker
