# THE DOUBLE ROLLER BELT

The Double Roller Belt from Hanks Belts will hold up to the toughest use with ease. We ran a decorative heavy-duty stitch around the edge to give it a more polished look. Then we added a retro double roller buckle to top it all off. The result is a belt that looks as good on or off the job site.

All USA Made from full-grain leather these belts won't crack, break, or sag no matter what you hang on them. From tapes and hammers to tool belts this belt will hold them all. Say goodbye to cheap imported department store belts that fail in months. Hanks Belts are built to last decades.

The solid full-grain leather is sliced right from the hide and crafted into these belts. You won't find a better belt construction. The result is a belt that will probably be handed down to your kids.

See the difference a real USA Made work belt can make. No more sagging, dropping pants, or readjusting every 5 minutes and no more cracking at the holes after 6 months. This may be the last belt you ever need.
