## THE GLACIER GREY RETRO JEAN BELT

Wait till you feel this belt! The Rich Grey crazy horse leather is tough and durable but feels soft and comfortable to the touch. With a classic retro look, this belt will become one of your favorites!

The Grey Crazy Horse leather will only get better with use. It will develop its own character based on your individual wearing style. Perfect jean belt!

We used our super rugged black powder buckle on this belt! With a base coat of black and the durable powder coating on top of that this buckle will resist chips and flaking. It's held on with Chicago screws so you can easily swap it to any buckle of your choosing.

The 9 oz leather is super tough but soft and supple for all-day comfort. Some days you don't want a stiff and heavy belt but you don't want a plastic-looking belt either. This belt won't crack or break like cheap department store belts and will hold up your pants with style. USA made quality the way it should be.
