About Us

Seamax Marine is a Canadian owned & operated company located at BC & ON Canada. To be a registered inflatable boat manufacturer with Transport Canada (Manufacturer Identification Code - YLS), our standard also complies with US Coast Guard boat safety requirements. Our goal of inflatable boat development is product with lighter weight, last longer and better looking.

As a successful inflatable boat builder, we can have the best knowledge of the boater's needs. Now Seamax has supplied a biggest catalog of inflatable boat accessories. Seamax has never stop doing new product R&D and old model upgrade. From computer 3D design to final manufacturing, Seamax will go through every single detail for many of times. Only the final customer satisfaction on our quality is the key to success.

YOUR ONE-STOP INFLATBLE BOAT SOLUTION

Air Series - Yacht Tender

Light Weight Roll up

Seamax AIR Series boats are equipped with high-pressure Air deck. It provides a solid deck board surface when fully inflated. The advantage of the Air Series is lighter and fast rolls up. Our new version is built with wider to offer more internal space. Air series boats are suitable for Pack & Go fishermen and Yacht tenders. We also suggest our 16 PSI electric air pump with Lithium battery (SUP16DB) to go with this boat, so you can inflatable and deflate the boat by pressing a button.

Standard Features	AIR230	AIR270	AIR320
Overall Length	7.6 ft	8.9 ft	10.5 ft
Inner Length	72"	80"	98"
