

USER GUIDE

Miss On The Go™ by Miss VV Mystery Inc.™

Miss On the Go™ (referred to as “product” in this document) is an exercise device and a sex toy in the vibrating Kegel balls category to help women tone-up their pelvic muscles by enhancing Kegel exercises experience. This product is for vaginal use only, has not been conceived or tested for any other uses, and has not been clinically tested and is not considered as a medical device. For more details, instructions, terms and conditions of use and privacy policy applicable to the product and its various features, such as the Miss On The Go™ interactive mobile application, please visit www.missvvsymystery.com.

I. SPECIFICATIONS

1. Characteristics:

- 5 vibration modes (soft, medium, strong, pulse, throbbing)
- Up to 2.5 hours from full charge at maximum speed
- Lithium batteries that are rechargeable using the USB cable (included)
- Full charge in approximately 3 hours
- LED light battery indicator
- Waterproof up to 1 meter

2. Material:

Medical silicone and ABS plastic (hypoallergenic), as well as internal electronic components

3. Operating temperature:

Between 10°C (50° F) and 40°C (104° F)

4. Weight of the product:

65g (2.3 ounces)

5. Dimensions:

Vibrator (Length: 9.5 cm - Height: 3.6 cm)

Antenna (Length: 14.6 cm - Height: 0.7 cm)

6. Decibel level:

Under 50 dB (the highest vibration setting is the loudest)

7. Operation modes:

The product can be operated with Miss VV Mystery Inc. mobile app (Miss On the Go™) available on Android (Google Play Store) and Apple (App Store) through Bluetooth® 4.0 low-energy technology (2.4GHz frequency). Compatible versions with the mobile application are available and updated online due to the rapid pace of technological change.

8. Packaging:

Made of recycled materials

9. Certifications:

Regulatory Information:

Warning: Any changes or modifications of this product, not approved by manufacturer will void the user's authority to operate the equipment.

FCC ID: 2AG6D-MOTG

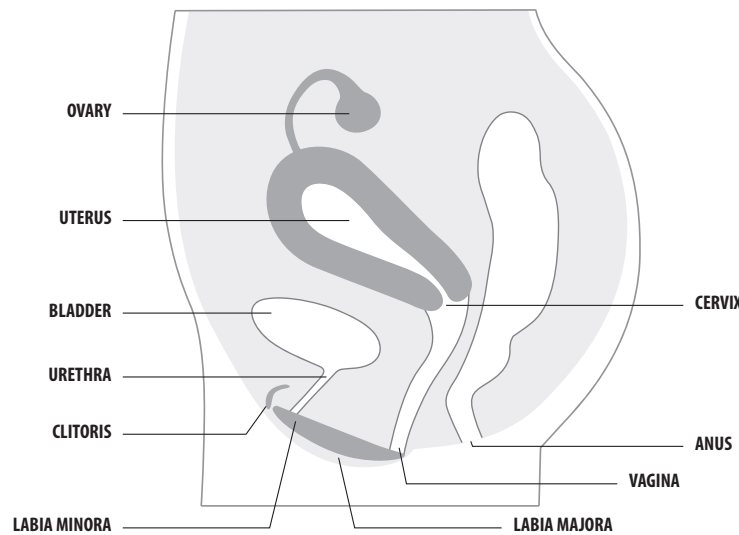

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IC: 21001-MOTG

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

II. GETTING STARTED

1. Please, ensure that the product is charged prior to using it. (Initial charging is required).
2. Press the ON/OFF button for 3 seconds to power the product; the LED light will then flash every 5 seconds (until turned off).
3. Once the product is turned on, you can either control it manually or via our mobile application.
4. Insert the product up to the second ball into the vagina, keeping the antenna outside the body. To ease the insertion of the product, you may use a lubricant, water based only. (If the product is used manually, it will need to be turned on prior to being inserted into the vagina. For more information, please refer to the appropriate section depending on whether the product is used with or without the mobile application).
5. Make sure the antenna coming out of your labia is directed toward the front to guaranty better comfort and efficiency of the product.
6. You may then resume your activities as usual with the product inside your vagina, and do your Kegel exercises, the whole subject however to the recommendations and limitations set forth hereunder. Please refer to the PRECAUTIONS and WARNINGS sections for more details.
7. When you are finished using the product, take it out of your vagina by pulling gently on the antenna. DO NOT pull on the antenna abruptly or use force over 10 lbs. pressure, which is more than enough to remove the product.
8. Press on the ON/OFF button for 3 seconds to turn off the product, the LED light will stop flashing. (The product cannot be switched off via the mobile application, but you may turn off any vibration mode via said application. In such a case, you may leave the product inside your vagina until it is convenient for you to remove it).

(i.) Use without the mobile application

1. You may use the product without the mobile application. If so, you will have to control the product manually.
2. In order to do so, you will have to press the ON/OFF button as described above and choose the vibration mode prior to inserting the product in your vagina.
3. When in use (see above mentioned steps), you may change the settings by pulling off gently the product, by pressing on the ON/OFF button, and then by choosing the desired setting (soft, medium, strong, pulse, throbbing and stop) prior to inserting it back in your vagina. You will have to press on the button the number of time required (from one to five times) until you obtain the desired mode.

(ii.) Use with the mobile application and Bluetooth® connectivity

1. You can use the product with the mobile application, which can be downloaded on the App Store and Google Play Store.
2. Once downloaded, you will have to create your own user account and profile (as set forth online at www.missvvsymystery.com).
3. Then, the product will need to be paired with a compatible mobile device via Bluetooth®.

* From your device home screen, go to settings, select “Bluetooth” and ensure that your Bluetooth® option is set to “on”.

* Place your product in proximity of your mobile device. The product will always be detectable, but it might take up to 60 seconds for the product to be seen by your device.

* When pairing your product, you will need to select the product and then to use the following Bluetooth® code: 000000 (6 x the number 0). Your product and mobile device should pair automatically.

4. In case of Bluetooth® connection problems, please make sure your Bluetooth® is ON to search for other Bluetooth® devices. It is sometimes necessary to go into Bluetooth® settings of your smartphone and “forget” the product. You can then do the connection steps again and enter the pairing code (000000).
5. You will be able to control the product electronically as soon as it is paired with your device. For instance, you will be able to choose the desired setting (soft, medium, strong, pulse and throbbing) or stop any vibration mode.

For maximum results when using product with the Bluetooth® connection, it is strongly recommended to:

1. Keep smartphone within 20 feet of the product;
2. Keep the product out of the water, specifically the antenna if the product is not controlled manually as the transmission of data by the Bluetooth® system via radio waves may not function properly under water;
3. Be aware that an increase of your body temperature may affect the Bluetooth® signal;
4. Do not block signal by crossing your legs or being in a position that would prevent the signal to be detected;
5. Keep the antenna away from metallic object such as zippers, metal chairs, computers etc.

For details and tutorials to facilitate the use of all features, please consult Miss VV Mystery Inc.'s website at www.missvvsymystery.com. After following the instructions on how to create your profile, you will be able to modify it at any desired moment in the Settings.

(iii.) Interactions with other players on Miss On the Go™

1. In order to use this functionality, you must have registered online and opened an account. You must also log into your account (or stay login) to interact with other users.
2. Only users that own a product (vaginal use only) will be able to send requests to other users; hence when creating your online account, you must specify that you are the owner of one of our products.
3. When you send a request via the mobile application, the other player has one minute to accept or decline it. Otherwise, the request will be cancelled and the person who initiated the request will receive a notification.
4. If unavailable or busy, the other player will be able to see the cancelled request and see your profile name in the notifications sent to its device.
5. Please note that during a session with a partner via the mobile application, it is not possible to remotely control two devices at the same time; only one product can be remotely controlled at a time.
6. For more details on how to use this functionality, please visit www.missvvsymystery.com.

III. CHARGING

1. When your product needs to be charged, carefully insert (all the way through) the USB cable included into your product's charging port located on the back of the product, next to the certification symbols.
2. Then, simply plug the USB charging cable in the USB port of your computer or wall charger adapter.
3. Approximately 3 hours of charging is required to fully charge the product. Please note that some USB chargers may recharge at a slower rate.
4. The LED light will flash every 3 seconds, indicating the product is in charging mode. If the light does not blink when the product is connected to the USB cable, check to make sure the USB cable is properly connected to the USB port and the product. The LED light will glow steadily once the charge is completed.
5. You can then unplug the product and enjoy a full charge on your next use.

IV. CLEANING AND CARE

The life of your product will be increased if you take care of it.

It is important to clean your product before and after each use with a cleaner for medical silicone sex toy, which you can order in specialized shop with the advice of the personnel working there if needed.

1. Wash the product using clean warm water and proper cleanser, then rinse the product using clean warm water. The product should not be put in the dishwasher or other home appliances.
2. Dry thoroughly before storing (and described below).

Avoid using a cleaner containing oil, acetone or alcohol.

Store your product in the storage pouch provided to keep it away from dust, light and heat and other products, material or device; no other item, such as sharp objects, shall be stored with the product in the storage pouch.

For health and hygiene reasons, do not share your product with other persons. Likewise, it is not recommended to buy or otherwise use a second hand product, or to purchase any product online on website allowing or encouraging the sale of second hand products.

V. RETURN, EXCHANGE AND REPLACEMENT POLICY

All purchases of products are final. As such, your product cannot be exchanged or returned. However, since Miss VV Mystery Inc. is committed to providing you good quality products, Miss VV Mystery Inc. warrants its products against materials and workmanship defects as follows:

1. 1st Year following purchase: Miss VV Mystery Inc. will replace for free your product for a period of one (1) year from the date of purchase. If you have a problem with your product’s functionality during that period, please email Miss VV Mystery Inc. at bonjour@missvvs-mystery.com with a valid proof of purchase indicating the original purchase date. Miss VV Mystery Inc. will respond to your email and provide you with all relevant information on how to ship your product and obtain a product replacement. The customer is however responsible for the cost of returning a product (by courier or other reputable delivery service that provides tracking and written verification of delivery). Upon receipt of the product, Miss VV Mystery Inc. will inspect it to determine the origin of the problem. Miss VV Mystery Inc. will replace the product up to two (2) times.
2. Years 2 to 5: Miss VV Mystery Inc. will give you a 50% discount on your next purchase. Again, you will be required to send Miss VV Mystery inc. a copy of your proof of purchase by email (at: bonjour@missvvs-mystery.com). Miss VV Mystery Inc. will then provide you with all relevant information on how to ship your product. Upon receipt of the product, Miss VV Mystery Inc. will inspect it to determine the origin of the problem.

This warranty does not cover damage caused by misuse or use other than as intended and described in the product instruction manual. Also, any attempt to open or dismantle the product will automatically void the warranty. This warranty is in addition to applicable statutory rights that you may have under relevant consumer protection legislation.

VI. ENVIRONMENT

Improper disposal of this product could impact on the environment and in some cases, on other persons’ health. Since the product contains a rechargeable battery, do not discard packaging and/or used product with normal household waste; rather bring the product to the appropriate electronic equipment recycling disposal locations or other collection center. Please follow local legislation regarding the recycling of used products.

VII. PRECAUTIONS AND WARNINGS

You may feel slightly uncomfortable when using the product at first, but this sensation should decrease with time; despite the foregoing, please stop using the product immediately if any pain or discomfort results from the use of the product. Also, prior to using this product, Miss VV Mystery Inc. encourages you to consider with great care the following advices and recommendations:

(i) Non-recommended uses

The product should not be used:

1. If the silicone appears to be broken or damaged;
2. While it is being charged;
3. During your menstruations or sexual intercourse;
4. If another product or device is already inserted in your vagina;
5. When undertaking any medical tests (such as radiographies) or during medical appointments (such as a gynecologic appointment or other medical examination of the vaginal area or nearby areas);
6. When you are deep-sea diving, swimming or practicing other water sports (unless the product is controlled manually);
7. When you are travelling by plane (as airports metal detectors may detect the presence of the product which contains metallic parts);
8. When you are at the hospital unless the product is controlled manually (as your device may interfere with medical equipment);
9. If another person (other than you) has used the product, as sharing this product without cleaning it properly may lead to the transmission of sexually transmitted diseases;
10. In locations with poor internet or Bluetooth® reception (unless the product is controlled manually);
11. While you operate a vehicle/machinery/tools that could cause an accident or the death of any individual including yourself;
12. You are pregnant or think you may be pregnant;
13. Your physical and/or mental health do not allow it; or
14. If you seem to have sexual and/or vaginal sensations caused by an abusive use, misuse or use other than as intended and described in this manual.

(ii) Doctor’s advice required

You should consult your doctor if you wish to have further guidance as to the best possible use that you may make of this product, or in order to validate the duration of each Kegel exercise session. Besides, you should consult your doctor prior to using the product in the following situations:

1. If you feel any discomfort;
2. Should you have a heart condition, be at risk of developing blood cot, have pelvic/vaginal infection, have areas that are swollen, inflamed or with skin laceration, or suffer from any other medical condition requiring monitoring or follow-up;
3. If you have any questions or doubt regarding your physical and/or mental health;
4. If you have given birth within the last twelve (12) months,
5. If you have had a vaginoplasty or any other type of surgery in this area; or
6. In any other circumstances as you seem fit.

(iii) Other warnings

1. The product should not be charged near or in water, or if the USB cord appears to be damaged;
2. The use of the product may cause a loss of sensitivity;
3. This product may be visible when wearing small shorts, dresses or skirts, see-through clothing or very bright clothing, or if you practice extreme movements;
4. The product may tend to come out of your vagina depending on your morphology (and pelvic muscle) and on your activity, and hence may fall if you do not wear underwear;
5. You may have difficulty when urinating while having the product inside your vagina;
6. This product may not be fully functional if used when wearing thick clothing (unless controlled manually);
7. Improper care and storage may lead to discolorations or other physical alterations of the product;
8. The product may tend to slip out until your muscles become stronger;
9. It is possible that depending on your body mass, the antenna may not properly receive the signal;
10. You should stop using or avoid using the product if unusually warm, if making unfamiliar noises or otherwise if not working properly;
11. The USB 5V DC port and product were created to be connected on a 110V AC (or 240V AC) to 5V DC adapter to charge the battery; adapters (not included) may be required if the product is used while travelling;
12. This product is not intended for use by children and minor and shall be kept out of their reach; and
13. You should stop using the product immediately if you feel the symptoms of a sexually transmitted disease, a pelvic inflammation or infection and/or any discomfort caused by the product. Consult a healthcare professional.

VIII. DISCLAIMER

EVEN IF MISS VV MYSTERY INC. STRIVES TO PROVIDE YOU WITH PRODUCTS OF GOOD QUALITY AND WORKMANSHIP, TECHNOLOGICAL PRODUCTS – JUST AS OTHER PRODUCTS – ARE NOT EXEMPT OF PHYSICAL OR MATERIAL RISKS. ALSO, TECHNOLOGICAL PRODUCTS MAY BE INCOMPATIBLE WITH OTHER DEVICES (SUCH AS YOUR COMPUTER). FINALLY, EVEN IF THE PRODUCT WAS CONCEIVED TO PROPERLY FIT WOMEN’S MORPHOLOGY, EACH BODY REMAINS UNIQUE, AND EVOLVES AND RESPONDS TO TREATMENT AND STIMULI DIFFERENTLY. IN VIEW OF THE FOREGOING, MISS VV MYSTERY INC. HIGHLIGHTS THE IMPORTANCE OF USING THIS PRODUCT IN STRICT COMPLIANCE WITH THIS USER GUIDE – AND MORE PARTICULARLY WITH THE SECTION ENTITLED “PRECAUTIONS AND WARNINGS” – AND MOST IMPORTANTLY OF LISTENING TO YOUR BODY.

THE PRODUCT IS FOR ADULTS ONLY. CUSTOMERS MUST HAVE REACHED THE AGE OF MAJORITY IN THE JURISDICTION WHERE THE PRODUCT IS USED. CUSTOMERS ARE THE SOLE PERSONS RESPONSIBLE FOR ENSURING THAT THEY MEET THIS CRITERION. FURTHERMORE, THIS PRODUCT SHOULD BE USED WITH PROPER CARE AND JUDGMENT, AS THE USE OF THE PRODUCT MAY LEAD TO SANCTIONS (FOR INSTANCE IF USED BY MINORS, IN PUBLIC PLACES OR WITH MINORS, IF YOU HARASS OR THREATEN ANOTHER USER OR IF YOU COMMIT ANY OTHER SANCTIONABLE ACT OR OMISSION) OR MAY CAUSE CONSEQUENCES TO YOUR HEALTH OR IN YOUR PERSONAL OR PROFESSIONAL LIFE.
