Bluetooth Pairing Connection

Power Switch   Charging Interface
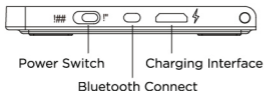

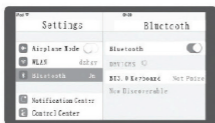

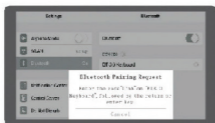

Bluetooth Connect

1   Please turn on the power at the side of the keyboard, blue lights up, press the Bluetooth connection button, blue light will twinkle and turn into the match mode quickly.

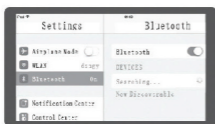

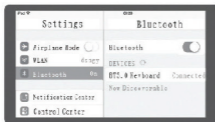

2   Go to the "setting" page of tablet / computor / smartphone, switch on "Bluetooth", start searching and pairing.

3   You will find the "Bluetooth 3.0 Keyboard", click it.

4   Referring to the pop-up message, enter the correct password and click "Enter" button.

5   A message will appear and tell you the Bluetooth pairing is successful. If not, please try the above process again.

Remarks : After connecting successfully the next time you don't need match code, just open the Bluetooth keyboard power switch and the tablet PC "Bluetooth." The BT keyboard will search the device and automatic connects.
