Being in Canada and having to experience very cold winter conditions, we know what it takes to keep your aircraft warm.

Through our vigorous R&D and years of experience we have come up with the best insulated covers in the industry.

Available in **Black** or **Red**

Engine / Exhaust Plugs

Made of a Polyester acrylic fabric, this material has a rough grip for a secure tight fit.

Water Repellent and Stain Resistant.

Available in **Red** or **Yellow**

Heat Shields

Our heat shields are there to protect your interior from the hot sun.

With these installed it will drastically lower the temperature of the helicopter which helps keep your upholstery from fading.

Available in **Silver. Reflective**

Winter Cover Kits

- Insulated Head & Engine cover
- Main & Tail Rotor Covers
- Horizontal Stabilizer Covers
- Pilot Cover

Comes inside a nylon bag for easy storage and is labeled with Part Numbers and Date for your records

Available in **Nylon Red** and **Tarp Black** or **Silver**

Robinson Covers

R22

R44

ROBINSON - R22 - R44

Bubble / Windshield Covers

Made of our custom layered laminated material. The outside layer is made of a Nylon Cordura which is water repellent, breathable and reflective. The inside layer is a soft inner lining. All engine and window covers are sewn on with a green (right side) and red (left side) indicator patches, for ease of installation.

Available in **Grey**

Main/Tail Rotor Blade Covers

Our blade covers are made of two different types of material:

Medium Weight Nylon -

Recommended for Dry Cold Winters Areas

Heavy Weight Tarp -

Recommended for Moist Rainy Areas

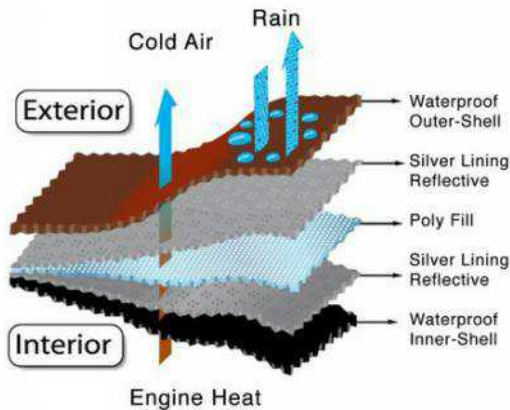

Available in Nylon **Red** and

Tarp Black or **Silver**

Blade Tie-Downs/Intake Covers

All our blade tie-downs and intake covers are made of a Heavy-duty Polyester Scrim, all sewn on and secured with heavy duty nylon webbing or bungee hooks

Available in **Red**
