

AIRCRAFT EDITION

# AIRCRAFT COVERS

Aerotex has been manufacturing custom aircraft covers for over 30 years; we make a wide variety of different types of quality aircraft covers and plugs. Our covers are tight fitted and are made of the highest quality materials to help protect your much cherished investment.

## **Aircraft Covers**

- Engine/Spinner Covers
- Quilted Insulated Covers
- Wings/Stabilizer Covers
- Propellor Tie-Downs
- Engine Plugs
- Wheel Covers
- Canopy/Window Covers
- Sun Shields

We also offer the following services:

Cleaning, repair service & Personalized embrodiery.

If we do not have the covers or plugs are looking for we can arrange to make a pattern.

# AIRCRAFT COVERS

# QUILTED INSULATED MATERIAL

Since we are located in Canada, we are known for our winter insulated covers. They are made of custom layered materials, used to protect and keep your aircraft warm in the coldest of winters.

# STANDARD COVER MATERIALS

Window Cover Material - Made of our custom layered laminated material. The outside layer is made of a Silver Nylon Codura which is water repellent, breathable and reflective. The inside layer is a dust-proof soft inner lining.

The above materials are used for all types of covers depending on the weather conditions.

**Tarp Material** - Harsh Winter/Rainy Conditions  
(Silver or Black)

**Red Cordura** - All-Season with no extreme weather conditions  
(Other Color Options are available)

# UPHOLSTERY & INTERIORS

Founded in 1994, Aerotex Interiors is an experienced aircraft interior refurbishing and restoration company. Whether it is a home-built airplane, helicopter, twin-engine, corporate jet, or a commercial airliner, no job is too big or too small. We excel at providing you with a safe, aesthetically pleasing interior, quality assurance, quick turn-around time, and one-stop shopping for all your aircraft interior needs.
