# AVIONICS

Aerotex Avionics division is a recent venture of our organization with contracted resources for the design and manufacture of wire harness kits, test panels, and avionics assemblies. To match growing avionics requirements, Aerotex partners with trusted contractors that are capable to meet our customer demands.

When our customers come to us, we provide fair prices on all our products avoiding the over prices you see from larger corporations and OEM's. Our goal is to give you a product of equivalent or better quality at an affordable price.

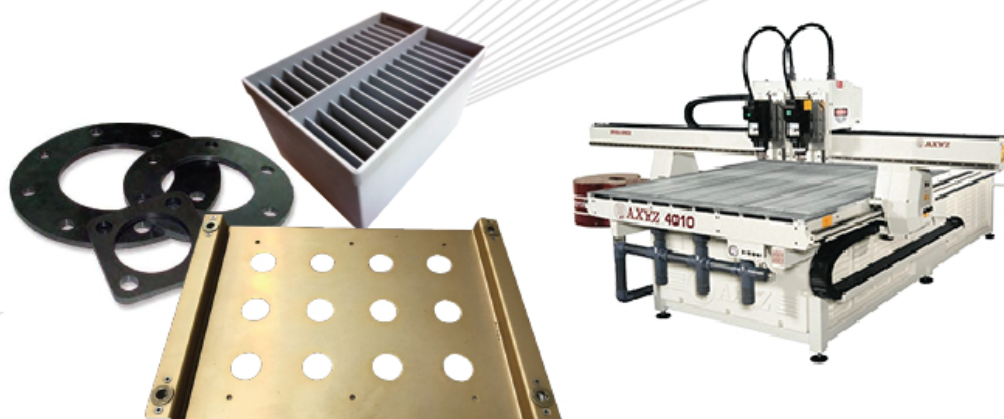

Please contact us on your next avionics mod or upgrade. Our contractors can provide STC and PMA designs at a cost effective price. We take pride in the products we produce and are always ready to assist.

## PLASTIC, METAL, RUBBER & GASKETS

We have a highly precise CNC production process capable of creating anything from single-trial products or low-volume made-to-order parts to very large production runs. We have a team of dedicated design and engineering experts to assist in all stages of product development from conceptualization to completion.

With partnership with Aerospace designers and engineers, we have introduced successful innovations to a wide array of aerospace parts made of plastics, metals and rubbers.

# PMA, PDA & STC MANUFACTURING

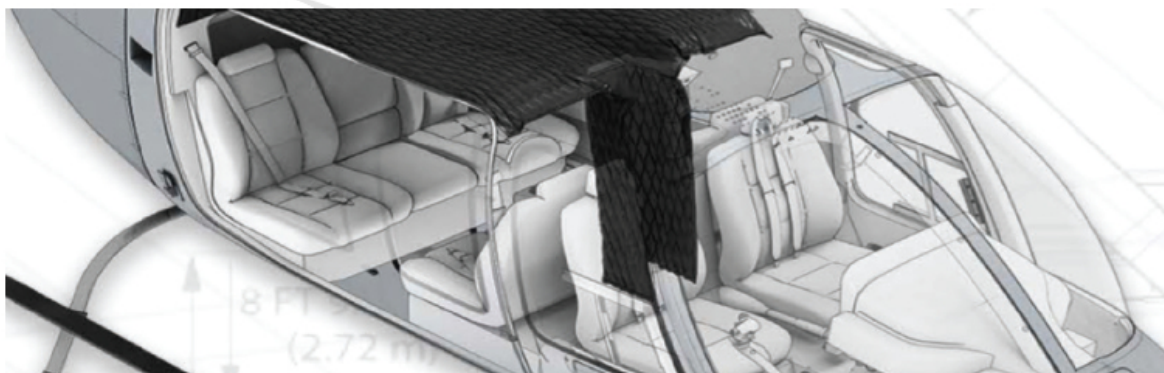

PMA ,PDA, and STC manufacturing is a cost effective way for air operators and private operators to keep there aircraft flying without the hassle of OEM's prices and lead times.

Aerotex has been for over 35 years, supporting customers throughout the world with top quality engineering and support. Interior design, seatbelt manufacturing, avionics modifications and airframe components, our aim is provide our customers with cost effective solutions, provide support and to keep your aircraft operational.

Don't hesitate to **contact us** for your next project, we can provide a free estimate and have that next project ready for you in no time.

## CURRENT LIST OF CERTIFICATIONS

- **TCCA AMO 72-01** Approved Maintenance Organization
- **C-RAP01-031** Repair Design Certificate for Aircraft Seatbelts/Restraint Systems for **TSO-C22g** & earlier rev, **TSO C114**
- **TCCA AO 21** Approved Organization
- **ALR-72-01** Approval Limitation Record of Aeronautical Product
- **STC SA12-60** **DHC-8 (Dash 8), ATR-42, ATR-72 (All Series)** Observer, Flight Attendant and Cabin Passenger Seat back and Seat Base (Floatation)
- **STC SH12-45** **Bell 205** Interior Wall Blanket Installation
- **STC SH12-47** **Bell 212/412** Interior Wall Blanket Installation
- **STC SH16-55** **Bell 212/412** Replacement Flight Crew and Passenger Seat Cushions, Seat Back, and Seat Base
- **STC SH18-52** **Bell 206L-series and 407** Interior Wall Blanket Installation
- **FAA STC SR04279NY** **Bell 206L-series and 407** Interior Wall Blanket Installation
- **PDA19-41** Part Design Approval for **Bell Mediums (204/205/212/412)** Soft Interiors Replacement includes: Collective & Cyclic Boot Covers, Crew and PAX Seat/head rest Cushions and Covers, Troop Seat Covers(Rag & Tube Seating), Interiors Wall Blankets, Bumper Posts (Stanchion Pads)
- **CGD-#26341** Certification for **Controlled Good Program**

# UPHOLSTERY & INTERIORS

Aerotex is completely experienced and offers complete aircraft interior refurbishing and restoration. Whether it is a home-built airplane, helicopter, twin-engine, corporate jet, or a commercial airliner, no job is too big or small. We excel at providing you with a safe aesthetically pleasing interior, quality assurance, quick turn-around time, and one stop shopping for all your aircraft interior needs.

## AIRCRAFT COVERS

Aerotex has been manufacturing custom aircraft covers for over 30 years; we make a wide variety of different types of quality aircraft covers and plugs. Our covers are tight fitted and are made of the highest quality materials to help protect your much cherished investment.

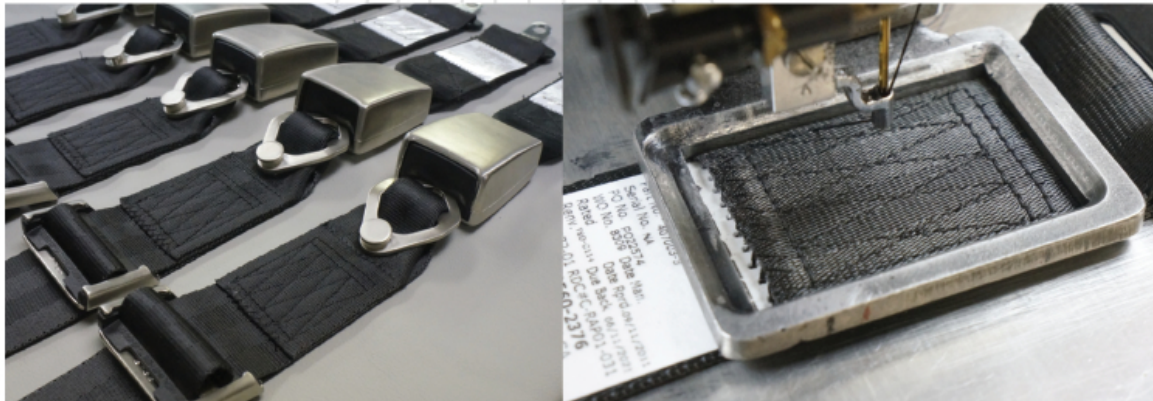

**If we do not have the covers or plugs you are looking for we can arrange to make a pattern.**

# SEAT BELTS & CARGO NETS

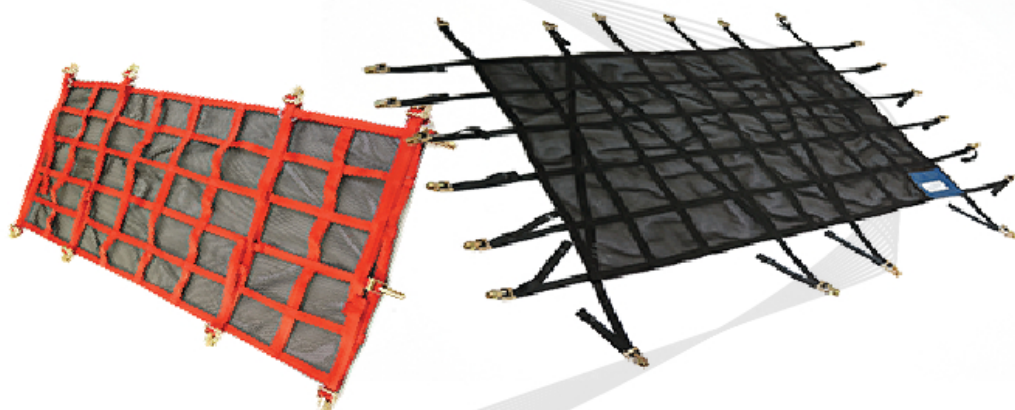

Aerotex is one of the few Approved companies certified to do cargo-nets, shoulder harnesses, and seat belts repairs by webbing replacement with our state-of-the-art equipment.

As we are aware of the tight deadlines and last minute AOG rushes in the aviation industry. We offer a quick turnaround time at a great price.

Aerotex is a fully equipped Custom Cargo Net manufacturer. Our Cargo Net department has 6 automatic tackers, 2 industrial sewing machines and an automatic heat webbing cutter. Each tacker has its own programmed stitch pattern resulting in better time efficiency. Quality and Lead-time is our top priority.

We offer a tear-proof custom labelling solution for your Cargo Nets. Guaranteed to last longer then other labels.

## Signs that your belts need to be certified

- Webbing is frayed or torn ➤
- Stiches broken or loose ➤
- TSO tags are missing or illegible ➤
- Belts are 10 years or older ➤
