LEARNING ENVIRONMENTS

FURNITURE COLLECTIONS

2024

An aerial view of a modern library or learning environment. The space features several circular bookshelves of varying sizes, some filled with books. The floor is a mix of wood and green carpet. In the foreground, there are several hexagonal tables arranged in a circular pattern, each surrounded by black chairs. A laptop and some books are on one of the tables. The overall design is clean, functional, and child-friendly.

CARRELS**

BOOK STORAGE

Tesco offers four series each with unique features to fit your needs.

AURA SERIES

Tesco's Aura Series of Book storage products feature a combination of Maple or Oak solid wood and wood veneer elements. Choose from seven maple and ten oak standard stain options or custom match the stain to fit the exact design elements of your media center space.

VERSA SERIES

Tesco's Book Storage solutions in the Versa series feature the use of matching High Pressure Laminates and Thermally Fused Laminates on all exposed parts to complement a more contemporary design element.

FUSION SERIES

Tesco's book storage solutions in the Fusion series feature vertical panels utilizing a wide selection of laminates combined with Maple or Oak stained wood components.

PATRIOT SERIES

The Patriot Series of book storage products feature Solid Oak Vertical Panels and uses more solid oak than any shelving product on the market. This construction technique and the materials used allows us to offer an unprecedented twenty year warranty.

AURA SERIES
