**Knowledge of flat odd count peyote is needed as no instructions for this stitch are within this pattern.**

You will work FLAT, then zip up the piece to form the tube.**

My beaded covers fit most standard size lip balm tubes such as Burt's Bees and Blistex. If you find your completed cover to be loose on your lip balm tube, simply add some double stick tape to the tube and replace your cover.

I had a request for a SPRING lip cover! I thought of my garden last year...bright colored flowers dancing about in the light, warm wind! Here is THAT vision! I hope you all like it!

Work as a FLAT odd count peyote pattern and add the optional PICOT trim BEFORE you zip up the two ends to form a tube.

I stitched the original using a size 12 beading needle, 4lb FireLine fishing line, size 11/0 Delica beads and Miyuki size15/0 round seed beads, #15-250, CRYSTAL AB.

I used 15 colors making 37 columns and 66 rows using a total of 1221 beads.

The cover as designed measures 2 3/4 inches around by a 1 7/8 inches tall, lying flat!

SPRING is a wonderful time of RENEWAL! It's a HAPPY time for me! Bright colors and flowers, soft gentle winds and all I want to do is DANCE!

Please DO NOT share this pdf tutorial. This is how I make my living. Please respect that. I do not mind if you make this cover for resale but please give me credit for the design. I appreciate you and your desire to do bead work. I strive to bring you fresh and wonderful designs! Thank you for the opportunity.

---

**SIZE 15/0 MIYUKI SEED BEADS in Crystal AB, #15-250.**

The PICOT trim is worked over two DELICAS. You will have one DELICA left over. You will work a SINGLE PICOT over that one DELICA.

**PICOT:** To work a PICOT stitch, come out the DELICA pick up 3-seeds and go into the NEXT DELICA. Work like this across the top and bottom of your peyote.

**SINGLE PICOT** (Arrow in photo): Come out the last DELICA, pick up 1-seed and go back in to the SAME DELICA.
NOTE: Color graph and word chart work independent of each other!
