*Family Owned &
Operated Since 1980*

Thrasher Golf® is committed to providing quality, durable products for our customers. Due to the supply-chain problems, caused by the pandemic, we may need to make alterations to the color, finish, and pricing which may be different from the printed catalog. Despite these minor modifications, we will always honor our warranty.

PICKERS

By Thrasher Golf®

fun fact:

The design of the Innovator® Plus Picker was inspired by a customer that wanted to be able to pick in the snow!

The Innovator® Picker was featured in Tin Cup, but the unit we sent them for filming looked "too new", so we borrowed an old one from a customer. It was pushed by a VW Bug in the film!

Hand Push Pickers

Mini Picker - 1 Basket
Capacity: 300 Golf Balls

Maxi Picker - 2 Baskets
Capacity - 600 Golf Balls

Single Section Picker

Capacity: 900 Golf Balls

Ideal for very small ranges or privately owned ranges.

Standard Features on Innovator® Pickers:

- No Front Wheel
- Extreme Durability Discs
- Sure-Catch Ball Ejection
- Adjustable Parts
- Electroplated Steel
- Picks in Forward & Reverse
- Gangs Don't Tangle
- Zerk Fittings
- Modular Frame
- Widest Sections

Innovator® Picker

Capacity: 1,800 Golf Balls
9' Wide as 3-Gang
15' Wide as a 5-Gang

Innovator® Plus Picker

Capacity: 2,700 Golf Balls
15' Wide as a 3-Gang
25' Wide as a 5-Gang

Innovator® Picker

EXTREME Durability Discs

Durable 12" discs that will have greater longevity on any range.

Zerk Fitted Articulating Joint

Easily add grease without the mess.

Adjustable Fingers Between Discs

Slotted Fingers allow for adjustments to avoid unnecessary rubbing on discs.

Single Pin Attachment

No more long bars or worrying about being on a level surface. The picker attaches through single point for ease in attaching & detaching from Utility Cart.

No Front Wheel!

Picks in Forward & Reverse

Sections Rotate 180° Vertically

UV Protected Discs

3-Section: 1,800 Golf Balls - \$4100

5-Section: 3,000 Golf Balls - \$5700

Innovator® Plus Picker

Zerk Fitted Articulating Joint
Easily add grease without the mess.

Improved Turning Radius
The length of each disc drum is comprised of two individual pieces, allowing each side to rotate independently.

Adjustable Fingers Between Discs
Slotted Fingers allow for adjustments to avoid unnecessary rubbing on discs.

The same coverage as a 5-gang, in just 3 gangs.

High Visibility Design
All 3-Gangs sit in front of the driver, eliminating the “wings” on both sides of the driver that are typical on a 5-gang.

Greater Ground Clearance
The 14” disc on the Innovator Plus allows for picking in the snow, and long & lush grasses.

No Front Wheel!

Picks in Forward & Reverse

Picks in The Snow

Lighter than a 5-Gang Picker

Sections Rotate 180° Vertically

By Thrasher Golf®

fun fact:

The **Twister®** was the first product that Thrasher Golf® released.

It is now the #1 selling golf ball washer in the U.S.

Twister® 1

Cleans: 15,000 Balls Per Hour
Dimensions: 33" L x 19" W x 30.5" H
Hopper Capacity: 500 Golf Balls
Water Capacity: 8 Gallons
Weight: 94 lbs.

Twister® H₂O

Cleans: 22,000 Balls Per Hour
Dimensions: 33" L x 19" W x 30.5" H
Hopper Capacity: 500 Golf Balls
Water Capacity: 8 Gallons
Weight: 100 lbs.

Twister® 3

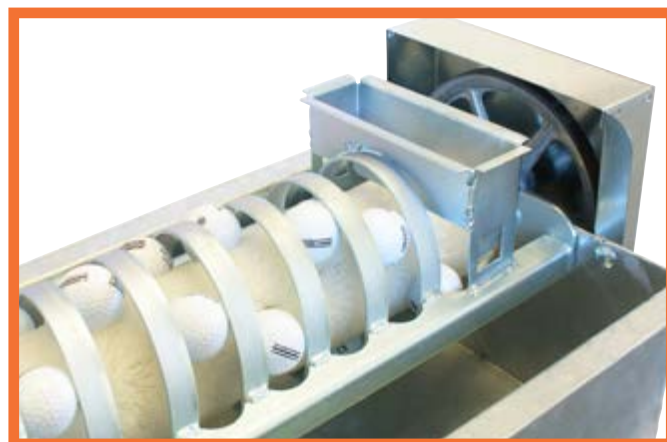

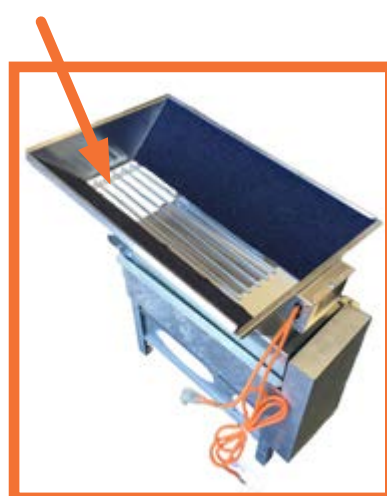

Cleans: 30,000 Balls Per Hour
Dimensions: 34" L x 23" W x 38" H
Hopper Capacity: 800 Golf Balls
Water Capacity: 14 Gallons
Weight: 166 lbs.

Twister® 4 With Loader

Cleans: 30,000 Balls Per Hour
Dimensions: 51" L x 23" W x 38" H
Hopper Capacity: 1,200 Golf Balls
Water Capacity: 17 Gallons
Weight: 186 lbs.

Twister® 1

Dual Debris Filtration

The top of the Twister allows grass to separate from golf balls through the grate. The open spiral design allows continued debris separation, while the golf balls rotate around the brush.

Aluminum Spiral

The open design spiral is now made of aluminum, so it won't rust.

Affordable Replacement Brush

The affordable replacement brush generally lasts 18 months.

1/3 Horse Power

15,000 Golf Balls/Hour

Cleans with Water or Detergent

Belt & Pulley Driven

Easy Maintenance

Galvanized Steel Tub

110V Electric Plug

Online Maintenance Videos

Twister® 1 Golf Ball Washer

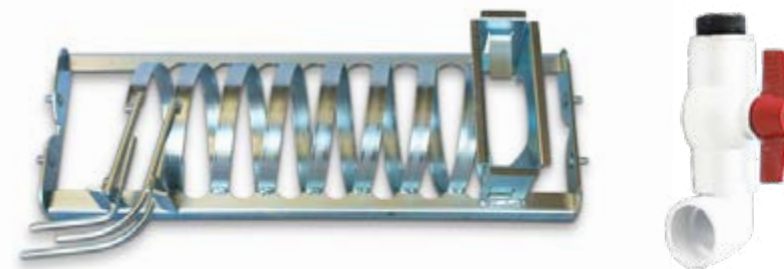

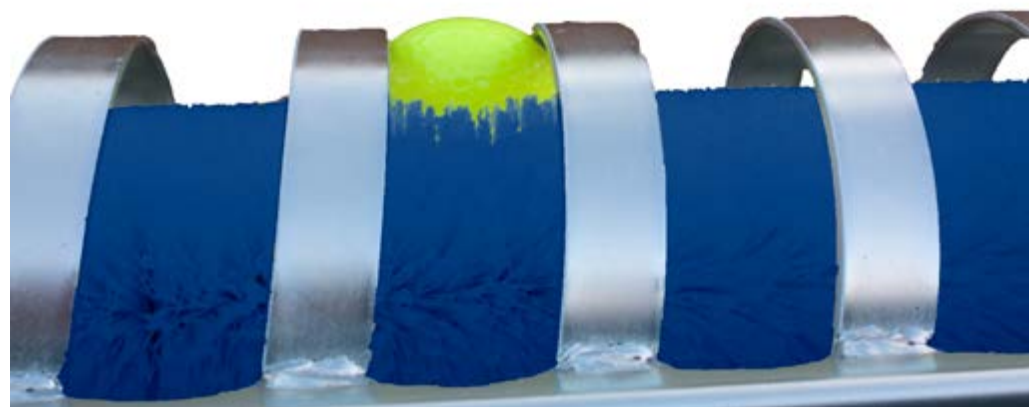

\$1700

Twister® H₂O

Deep Clean Brush

The brush is made with a stiffer and longer bristle, giving a deep-clean for golf ranges with less than ideal conditions. This provides enhanced penetration of the golf ball (shown below), which aids in removing stubborn debris.

Water Protection Features

- The Twister H₂O comes with a **waterproof** 1/2 horse power motor.
- The **aluminum** spiral will not rust.
- The water basin tub is **galvanize** dipped to protect from rust.
- The **easy-drain valve** allows water to exit directionally, away from electrical components.

Waterproof Motor

22,000 Golf Balls/Hour

Cleans with Water or Detergent

Belt & Pulley Driven

1/2 Horse Power

Galvanized Steel Tub

110V Electric Plug

Twister® H₂O Golf Ball Washer

\$2175

Twister® 3

Affordable Replacement Brush

The affordable replacement brush generally lasts 18 months.

Mechanical Agitator

Automatically initiated by golf balls traveling through the machine, the mechanical agitator reduces jams and keeps balls flowing properly.

-  30,000 Golf Balls/Hour
-  Waterproof Motor
-  Cleans with Water or Detergent
-  Chain & Sprocket Driven
-  1/2 Horse Power High Torque
-  Galvanized Steel Tub
-  110V Electric Plug
-  Online Maintenance Videos

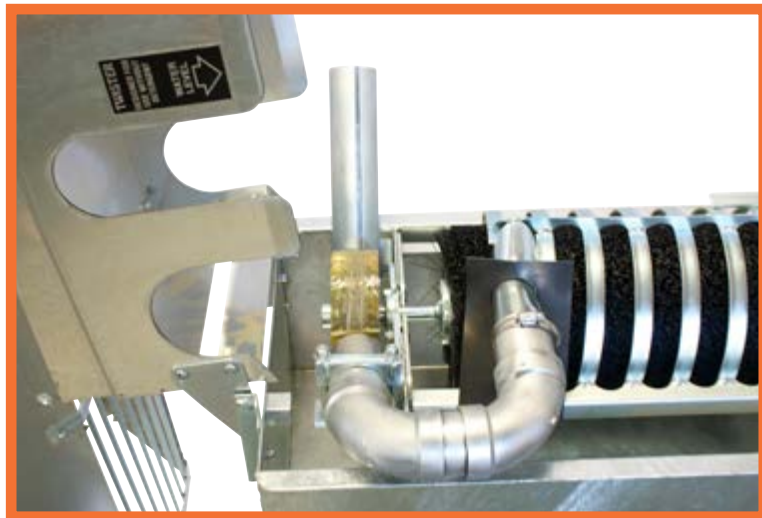

Twister® 3 Golf Ball Washer

\$2950

Includes Elevator & Loader Twister® 4

Dispenser not included

Golf Ball Loader & Elevator System

Once golf balls complete the wash cycle through the spiral, they enter the loader automatically and are fed by a rotating wheel up the piping. Golf balls can be lifted 10 feet and gravity fed to the dispenser or other location.

Affordable Replacement Brush

The affordable replacement brush generally lasts 18 months.

Mechanical Agitator

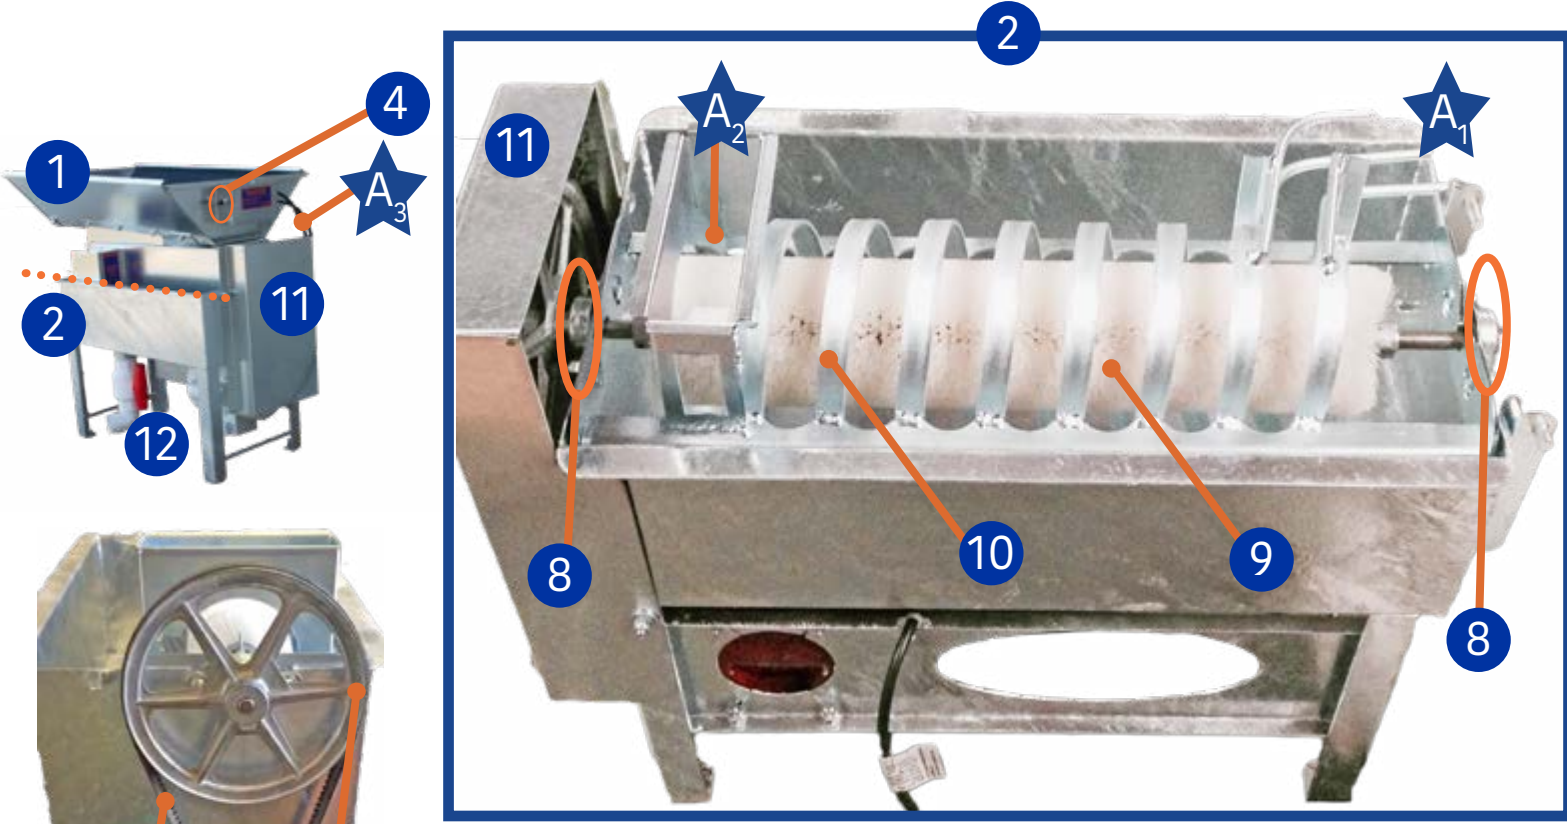

Automatically initiated by golf balls traveling through the machine, the mechanical agitator reduces jams and keeps balls flowing properly.

-  30,000 Golf Balls/Hour
-  Waterproof Motor
-  Cleans with Water or Detergent
-  Chain & Sprocket Driven
-  1/2 Horse Power High Torque
-  Galvanized Steel Tub
-  110V Electric Plug

Testimonials

"The Thrasher Innovator Plus Golf Ball Picker has saved our staff time by offering one of the largest and most durable pickers on the market. The only thing better than their indestructible products, is their service. Thrasher has become part of our team at Vineyard Golf Club."

**-Eri Seguin, Head Golf Professional
Vineyard Golf Club, Edgartown, MA**

"Thrasher Golf has been our range partner for over 40 years at the Haggin Oaks Golf Complex. With a commitment to innovation and helping us succeed in our range business, we have always felt comfortable with Thrasher Golf products. The Innovator Plus Picker is the best picker on the market for our busy driving range, and can handle our rough range field conditions. We look forward to many years to come with Thrasher Golf."

**-Mike woods, General Manager
Haggin Oaks Golf Complex, Sacramento, CA**

"I came to Wedgewood in October of 1998. We had a Thrasher Range Picker and Ball Washer. Here I am 19 years later and we still have the same picker and ball washer. We have replaced some parts over the years but both pieces have been vital to our operations - and the response to parts requests has been quick. Thrasher Golf has been great!"

**-John Wells, General Manager
Wedgewood Golf Center, Olive Branch, MS**

"Thrasher's Innovator Picker is 4x more efficient and has dramatically sped up the process of picking. Losing the front wheel allows us to pick up balls from even those hard-to-reach spaces. The reverse feature is a real game-changer! The outside services team loves it! Had I known how much money we could be saving on labor - I would have replaced the old picker earlier. Highly recommend the Thrashers to anyone looking for a new picker."

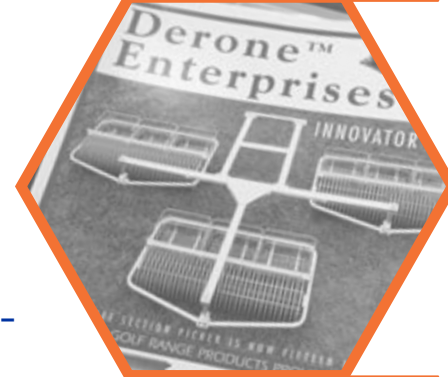

**-David Childers, VP Course Operations
Rivers Edge Golf Course, Bend, OR**

Our History

The Thrasher Family has been involved in the golf industry for more than 50 years. Derral Thrasher returned home after serving in Vietnam and needed to find a way to support his family. He and his brother (Derone) developed a golf ball recovery business called Pearl Divers. Derral's son (Destry, current owner of Thrasher Golf) joined the company when he was 18 (shown top right as a child on a "golf ball drying table").

The family originally used laundromat washing machines to clean the mud off of the golf balls they had recovered. In search of another method for golf ball washing, Derone developed & patented a commercial golf ball washer he called the Twister®, for its unique open-spiral design.

Capitalizing on the success of his design, Derone started his own company called Derone Enterprises in 1980. He expanded his product line to include another unique product The Innovator® Picker, which was the first picker in the industry to not use a front wheel.

The three Thrasher's (Derral, Derone & Destry) have committed their life's work to the golf industry. In 2015 Derone retired & passed Derone Enterprises to his long-time partner & nephew Destry Thrasher and his wife Melissa.

Destry & Melissa Thrasher changed the name of the company to Thrasher Golf (adopting the family's last name for the business, in honor of the patriarchs before them.) Destry and Melissa are avid golfers and enjoy supporting both Veteran and Youth Golf Development Programs.

Now in its 4th decade of operation, Thrasher Golf is flattered that many companies in the industry have modified their products to parallel the Thrasher's original designs. They say imitation is the highest form of flattery. Thrasher Golf is proud to have been raising the bar for Range Equipment for the last 40 years. You can depend on Thrasher Golf to continue their tradition for quality design & highly durable equipment, and are proud to be "The Original" manufacturers.
