Additional Practice

pangram: a short sentence containing all 26 letters of the English alphabet

This workbook uses pangrams to provide additional cursive practice. Students will first read the sentence found in the middle section of the page. After, they will write that same sentence in cursive within the 3 lines provided below.

Alphabet samples (top) along the answer (bottom) are available to assist students that need additional support. To increase the difficulty, one or both of these sections can be removed by cutting along the dotted lines.
