

This stunning double door illuminated LED Mirror cabinet is part of our Nouveau Noir range of matt black light fittings and accessories, and features a whole host of features.

Complete with Bluetooth Speaker, a USB charging port and a built-in shaver socket, the double door Balmoral covers all requirements.

Internally, the Balmoral has a stylish matt black design, with a mirrored panel on the inside of the door and at the rear of the cabinet, along with two adjustable height glass shelves for storing bathroom accessories.

Externally, the cabinet has mirrored panels to both sides, as well as both under and over cabinet illumination for a sleek look. The diffused illuminated border to the front of the cabinet provides a uniform light output with no dark spots.

The Tunable function enables users to choose the most suitable colour temperature for their décor or individual preference, warm white, natural white or cool white. It can also be dimmed to create the desired ambience.

The mirror stays fog free due to the built-in demister pad, which switches off automatically after 30 minutes. The mirror also has an IP44 rating making it suitable for use in a bathroom environment.
