INFECTION CONTROL AND PREVENTION IN EDUCATIONAL ESTABLISHMENTS ENSURING SAFETY OF STAFF, STUDENTS & ALL VISITORS

Current awareness that infection control is essential in the fight to protect against the ongoing COVID-19 pandemic, but the requirement to sanitise will be ongoing.

The Hygiene Company, leading UK supplier of anti-bacterial wipes, sanitisers and dispensers including the WIPEPOD range, have been devising solutions for over two decades.

THC helps schools plan and install products to ensure staff and pupils safety by offering infection control and prevention facilities now, with ongoing supply and logistics plans for the future.

THE HYGIENE COMPANY PRICE PROMISE

We will not compromise on quality but we will match any price for our products.

Let us recommend or rent stations suitable for your facilities, after which additional supplies can be ordered online for next day delivery by your allocated staff
