# Results WIPEPOD® Survey

We sent out a survey to customers of the **WIPEPOD®**, our best-selling dispenser, and the results were a testament to our dedication to providing innovative hygiene solutions of exceptional quality.

Displaying a **WIPEPOD®**, which dispenses antibacterial hand and surface wipes that kill germs and bacteria, encourages sanitation and enforces a good hygiene policy which, in 2021, **is more important than ever.**

## Customer Feedback

Of all the **WIPEPOD®** customers we asked:

100%

100% said they believe it has enhanced and improved their **commitment to cleanliness and hygiene compliance.**

100%

100% said that having the dispenser on display has definitely **increased the frequency of sanitising** both equipment and surfaces after use.

90.9%

90.9% said they **would recommend WIPEPOD®** to other areas within their organisation.

100%

100% said cleanliness and good hygiene **are very important** within their organisation.

96.7%

96.7% said that customer feedback had been **good/excellent.**

93.5%

93.5% said **WIPEPOD® is a preferred choice** over the paper towel and disinfectant.

## what the PROFESSIONALS ARE SAYING

“**WIPEPOD®** gives good perception to customers, good cleaning, easy, effective and economic”

*Alex Saul, David Lloyd*

“It’s hygienic, very professional, looks good, stands out and easy to use”.

*Neil McDonald,  
Living Well*

“We would recommend the **WIPEPOD®** because it delivers a product that is easy to use, compact and visible and looks professional”

*James Ace,  
Esporta/Virgin Active*
