CCS G3 Strapshot Instructions

Thank you for your purchase of a CCS G3 Strapshot, our best in class designs do not compromise fit, functionality or form. Our goal is single minded, to provide secure camera carrying systems that free your hands, keep your equipment safe and your body mobile, Ready To Shoot Now!

1. Fit the **G3 Strapshot** by pulling the **Velcro Wings** **EVENLY**, ensuring the unit is tightened snugly on your backpack strap.

2. The **Strapshot** should be adjusted depending where its comfortable with your shoulder

3. The **Top Tether** is adjustable and will loop through the top handle of your bag coming back to thread through and secure the top of the unit to the bag.

4. Loop the velcro strap of the **CCS Handstrap** through the ring of the camera to secure the top part.

5. Secure the bottom of the **Handstrap** with the **CCS Flat Hub** using the **Handstrap Washer** and the **Hub Washer**. Assure the **Arrows on the Hub** are facing the front & back of the lens

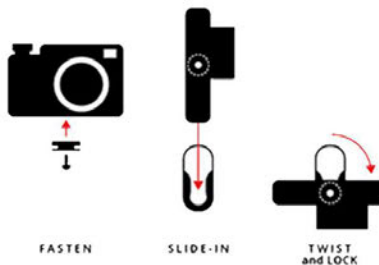

6. Attach the **HIGH IMPACT Split Ring** to the ring of the camera.

7. Attach the **Camera Tether** from the bottom of the Strapshot to the **HIGH IMPACT Split Ring** you attached to your camera.

Patented Twist & Lock System

8. Slide the camera in at **90 Degrees** and when it rests down it will lock in with our Patented **Twist & Lock System**. Now your ready to go!
