

MODENA SERIES OVENS

TWO MODELS - FAN ASSISTED GAS OR FAN FORCED ELECTRIC

Boasting big 69 litre oven capacities for large batch cooking. Triple glass insulated doors that stay cooler. Removable full glass inner doors that are easier to clean.

The ovens are more efficient with improved insulation, seamless oven cavities and tangential cooling fans to protect your cupboards. Both models have closed door electric grilling and best of all both are a super easy 10 amp plug in connection.
