NON-VOICE
REMOTE

Attach Your Clip

- 1 - Line up tabs on Sideclick remote with keyholes in clip.
- 2 - Press clip against Sideclick remote and slide clip up until it locks in place.

Install Your Remote

Program Your Sideclick

- 1 - On Sideclick, hold down the **⏻** + **B** buttons simultaneously until the LED lights solid.
- 2 - Position your Sideclick remote and the device remote you are learning from on a table, head to head, approximately 1 inch apart.
- 3 - Press and release the Sideclick button you wish to program. The LED will start blinking.
- 4 - Press and release the button you want it to learn from on your device remote.
 - The LED will blink 3 times indicating a successful learn, then will return to solid indicating you are ready to program other buttons.
 - If the LED does not return to solid, a problem in programming has occurred. Exit programming mode via step 6 and try again.
- 5 - While LED is on solid, repeat steps 3 & 4 for each button you would like to program.
- 6 - To exit programming mode, press the **⏻** + **B** simultaneously and the LED will turn off. You can also wait approximately 10 seconds and it will exit programming mode automatically.
- 7 - Your Sideclick is now ready to use.

Removing Your Clip

- 1 - Gently pull out on locking tab with index finger.
- 2 - While pulling out on the locking tab, slide clip down and then away from remote.
