04 Program Your Sideclick

❶ On Sideclick, hold down the ⏻ + Ⓑ buttons simultaneously until the LED lights solid.

❷ Position your Sideclick remote and the device remote you are learning from on a table, head to head, approximately 1 inch apart.

❸ Press and release the Sideclick button you wish to program. The LED will start blinking.

❹ Press and hold the button you want it to learn from on your device remote.
  -The LED will blink 3 times indicating a successful learn, then will return to solid indicating you are ready to program other buttons.
  -If the LED does not return to solid, a problem in programming has occurred. Exit programming mode via step 6 and try again.

---

04 Program Your Sideclick (Continued)

❺ While LED is on solid, repeat steps 3 & 4 for each button you would like to program.

❻ To exit programming mode, press the ⏻ + Ⓑ simultaneously and the LED will turn off. You can also wait approximately 10 seconds and it will exit programming mode automatically.

❼ Your Sideclick is now ready to use.

05 Removing Your Clip

❶ Gently pull out on locking tab with index finger.

❷ While pulling out on the locking tab, slide clip down and then away from remote.
