

Key Features:

- **PRO Technology:** detachable grinding chamber so cleaning is simple and easy. Just detach the two levers to tidy up. The one-time grinder settings never change anytime it's detached.
- **Dark-T Burrs:** Featuring a black coating blend of titanium, aluminum, carbon, and nitrogen, that ensures durability five times longer than standard burrs (laboratory-tested). Burrs are produced in-house using a computerized numerical control machine to ensure absolute quality. Highly resistant to corrosion, and wear, and mighty tough.
- **The IPS touchscreen** display is ultra-responsive and extremely user-friendly.
- **Italian-made** quality.

Description:

Whether you're grinding all day long or doing quick bursts back to back, it's important to have a powerful grinder that can handle the needs of your business. Made with 83mm burrs, this grinder can support your need for speedy service and volume. It also features one of the coolest innovations when it comes to coffee grinders: PRO Technology. By detaching two levers you can remove the grinding chamber and access the burrs for a thorough, quick, and easy cleaning process. The highly intuitive touchscreen reveals coffee stats and grinding doses can be changed swiftly with the tap of a finger. This grinder is built to last and grow with your business.

You could say that this espresso grinder's best quality is its foolproof operation, but that would be an understatement. It features a simple, detachable grinding chamber design and 83mm tenacious burrs. A solid choice for those looking for speed of service and volume. Ideal for high-volume cafés.
