Vinotemp 41-Bottle Indoor/Outdoor Wine Cooler (For Garage, Basement, or Outdoor Use)

VT-50FDHT

Introducing a wine cooler from Vinotemp with built-in versatility: build this wine cellar into your outdoor entertaining space, garage, or basement! Featuring a well insulated cabinet and all-black solid door, this 41-bottle unit can withstand ambient temperatures ranging from 44° to 106°F and protects your wine from harmful UV rays and light exposure. An interior digital temperature control panel makes it easy to set and monitor the temperature of your cooler. Reversible door swing allows for a variety of installations – pair this with a second cooler to double your storage capacity. Five adjustable shelves house 7 bottles each with additional storage at the bottom, while an interior LED light makes it easy to select your favorite wine. An exterior door lock ensures your collection does not fall into the wrong hands.
