

This is to confirm that Fistas uses Pilbloc™ which is an anti-pill fiber manufactured by Thai Acrylic Fibre Co. Ltd. and distributed by Fistas to Premier® Yarns.

Pilbloc™ anti-pill fiber is known for its softness and unique hand-feel. Pilbloc™ resists pilling over repeated use and washing. As a result, it slows down the ageing process of apparel. This is why knitwear and other apparel woven out of Pilbloc™ look as good as new after every wash. Items made from Pilbloc™ resist pilling up to 350 washes. Items made with Pilbloc™ have a cashmere feel, vibrant colors, bright and natural luster, with excellent wash and easy-care aesthetics.

#### KEY BENEFITS OF PILBLOC™:

- Soft touch, excellent wearer comfort
- New look after prolonged use/washing
- Pilling Grade of 4-4.5 (ICI Pill Box Test)\*
- Lighter in weight w.r.t cotton, polyester, silk etc.
- Cashmere touch even in yarn dyed variety
- Can be blended with any natural and synthetic fiber

\* Pilling grade also depends on Yarn Twist, Fabric Construction and Blends.

#### APPLICATIONS:

- Sweaters, Pullovers
- Innerwear
- T-Shirt, Jerseys, Sportswear
- Fashion Apparel
- Winter Wear (Wool Blends)

#### PRODUCT RANGE:

- 1.2, 1.5, 2.0, 3.0 denier
- Cut lengths 38mm, 51mm, 64mm, Variable length
- Fiber, Tow & Tops

#### CERTIFICATIONS:

- Oeko Tex™
- REACH SVHC
