## MATERIALS

**Premier® Yarns Aspen** (100% Polyester; 6oz/170g, 186yds/170m)

- 1089-13 White (C1) – 1 ball
- 1089-14 Green (C2) – 1 ball

**Notions:** Glue Dots/Strips, hot glue gun and hot glue (or other preferred adhesive), 1 – 3" Styrofoam ball, 1 – 2" Styrofoam ball, 1 – 1½" Styrofoam ball, 1 – 9" Styrofoam cone, 1 – 12" Styrofoam cone, various beads/buttons for decorating, small amount of worsted weight yarn, Premier Basix 1115-45 Teal shown in sample, US Size I-9 (5.5mm) crochet hook, 5 small black buttons, 1 small orange button

## PATTERN NOTES

Yarn is adhered and wrapped around Styrofoam forms to create this fun winter scene! Use the adhesive method of your choice (we recommend glue dots or glue adhesive strips) and beads and buttons of your choice to decorate as you wish.

## PINE TREES (Make 2, 1 in each size)

**Step 1:** With C2 and adhesive of your choice, begin by adhering the yarn tail to the base of the Styrofoam cone. Begin wrapping the yarn and adding adhesive as needed. Make sure to keep an even tension when wrapping and press each round down to cover any white space.

**Step 2:** Continue wrapping until you reach the top of the cone. Secure the tail with a small bit of adhesive and cut C2.

**Step 3:** With hot glue gun (or adhesive of choice), decorate the outside of the tree with various bead and button ornaments.

## SNOWMAN (Make 3, 1 in each size)

**Step 1:** With C1 and adhesive of your choice, begin by adhering the yarn tail anywhere on the Styrofoam ball. Keeping an even tension, wrap the yarn around the ball evenly, adding adhesive as needed.

**Step 2:** Once ball is completely covered with yarn, cut C1 and secure to ball with a small bit of adhesive.

**Step 3:** With hot glue gun (or adhesive of choice), glue the 2" Styrofoam ball to the top of the 3" ball, and the 1½" ball to the top of the 2". Using the photo as a guide, adhere 2 small black buttons for eyes, 3 small black buttons down the front and a small orange button for the carrot nose.
