FINISHING

All Sizes

Fasten off, leaving an extra-long tail to create ribs. Place cinnamon stick in opening, thread tail onto tapestry needle and sew rem sts around opening, pulling tight to secure cinnamon stick and close top of Pumpkin around it. Working around outer edges of cinnamon stick, insert needle through top, then through stuffing, exiting through bottom of pumpkin. Wrap yarn around outside of pumpkin, then reinsert needle back through the top of pumpkin, following the same path. Pull taut to create rib. Use the same steps to create 8 equally divided sections. For the best result start by dividing pumpkin in half sections, then quarter sections then in 8 equal sections. You can vary the height of your pumpkins while creating ribs by pulling tighter which will create a shorter, wider pumpkin.
