PATTERN NOTES

This Scarf is worked flat, from side to side, using the Overlay Mosaic technique. The colorwork designs are created by working back loop only single crochet stitches in working rows and front loop long double crochet stitches in unworked front loops 2 rows below.

In Overlay Mosaic crochet, the right side is always facing, you will not turn your work. Instead, work each row from right to left and fasten off at the end of each row. It is not necessary to weave in ends. Instead, leave a 7-inch length of yarn before the first stitch of each row and before fastening off at the end of each row for the fringe.

You will never change colors within a row, instead, alternate colors every row according to the instructions and as shown in the color chart.

The Set-up Row and the first two and last two stitches of each row are the only single crochet stitches worked through both loops. The stitch count will remain the same throughout.

Read the chart from bottom to top, right to left. Each square represents 1 stitch. Squares with no symbol represent a single crochet back loop only, squares with an L symbol represent a long front loop double crochet, and squares
