PATTERN NOTES
As you work Rows 10-13, when you reach a stitch that had previously been worked as part of a w&t, pick up the wrap with your right needle and place it on the left needle, work it together with the next stitch, working it as a k2tog, ssk, p2tog, etc as needed so that the wrap is hidden on the WS of the fabric.
When working short rows on Rows 10 & 12, the "gap" is the wider space between stitches left when you work your w&t.
