

Pompon scarf

3.5 – 4 mm needle

Cast on 12 sts. using the two needle method. The scarf is worked in garter stitch. Knit 2 sts between the pompons, holding the pompon in place between index and middle finger. This gives 6 pompons per row. Start and end each row with 1 knit stitch. When the scarf is finished, cut thread to a good length and weave in. Sew in all ends.
