Skills/Techniques used in pattern:

- Chain, single, and half double crochet stitches.
- Changing colors in the intarsia crochet technique using bobbins.
- Seaming pieces together.
- Working in back loops of stitches to create ribbing.
- Working from a color chart.

Pattern Notes

This Pullover is worked from the bottom up in pieces and seamed. For a fit as shown, choose size that measures 6-8" larger than your full bust. The Pullover is worked using the crochet intarsia technique and following the color chart for color placement. To change colors using the intarsia technique, wind small bobbins of colors to be used for each separate area of color in the chart, changing colors according to the chart. It is acceptable to mix in small sections of the tapestry crochet technique by working a few stitches over un-used color strands where it makes more sense to do than to introduce a new color bobbin. Be careful to keep all floats and/or un-used color strands on the WS of your work.

Reading the Color Chart

The chart is worked from the bottom-up, from right to left on right side rows and from left to right on wrong side rows. The chart includes all nine sizes in one chart. Omit rows that do not correspond to your chosen size.

Pattern Stitch Guide

Rib Pattern

Setup Row: Sc in 2nd ch from hook and each ch across, turn – 9 sc.

Row 1: Ch 1 (does not count as a st throughout), working in back loops only, sc in each sc across, turn.
