WARNING!

If you do not understand these directions, or if you have any doubts about the safety of the installation, please call a qualified technician. Check carefully to make sure there are no missing or defective parts. Improper installation may cause damage or serious injury. Do not use this product for any purpose that is not explicitly specified in this manual. Do not exceed weight capacity. We cannot be liable for damage or injury caused by improper mounting, incorrect assembly or inappropriate use.

🕂 WARNING: CHOKING HAZARD

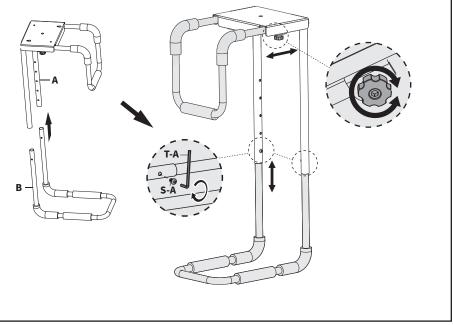

SMALL PARTS - NOT FOR CHILDREN UNDER 3 YEARS. ADULT SUPERVISION IS REQUIRED.

ASSEMBLY STEPS

STEP 1

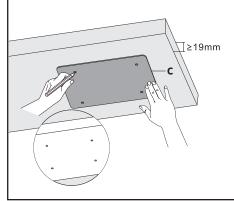

Connect Mount Top (A) to Support Bar (B). Place your PC into the assembled mount and loosen the knobs on the top of the PC mount to adjust to the desired width. Install M6x10mm Screws (S-A) when at desired height. Tight knobs.

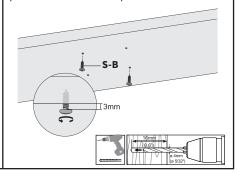

STEP 2

STEP 3

Using Template **(C)**, mark drilling locations on the underside of the desktop in the desired location.

Use a 5/32 (4mm) drill bit to drills holes 0.6" (16mm) deep. Screw in ST5.5x19mm Screws (**S-B**) inline with the keyhole slots on the mount, using a phillips head screwdriver, leaving 1/8" (3mm) of space between the desktop and the screw head.

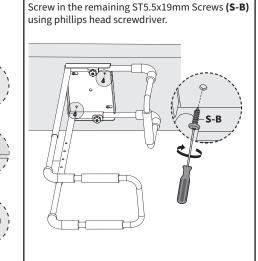

STEP 4

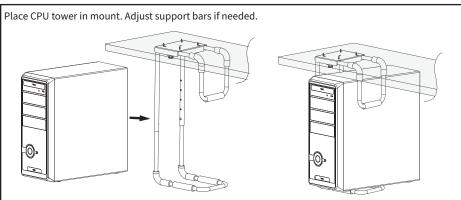

Slide assemlbed mount into place using the keyhole slots on the top plate and fully secure the ST5.5x19mm Screws **(S-B)** using a Phillips screwdriver. **S-B**
