

# Groundhog Day

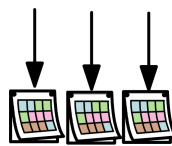

Groundhog

Day is

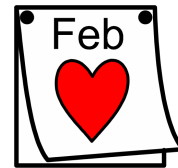

celebrated

every year

on

February

2<sup>nd</sup>  
second.

On

this

day,

people

wait

for the

groundhog

to

emerge

from

his

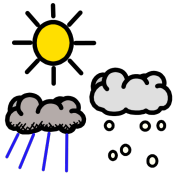

hole.

It is

believed

that if the

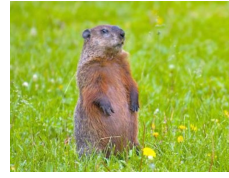

weather

is

cloudy,

and the

groundhog

doesn't see

his

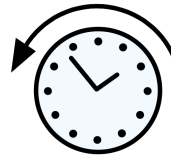

shadow,

spring

will be

early!

But if the

groundhog

sees

his

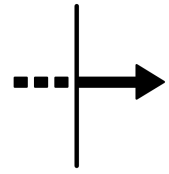

shadow,

winter

will

continue

for six

more

weeks.
