MATERIAL SAFETY DATA SHEET

AFS 816/ 817 BLEND

1. CHEMICAL PRODUCT AND COMPANY INFORMATION

Material Identification

- Polyester Staple
- Polyester Low Melt

Company Identification

SERVING THE UPHOLSTERY INDUSTRY SINCE 1984

RONCO INDUSTRIES

Address: 15401 Cobalt St. Sylmar, CA 91342

Website: www.roncofurniture.com

2. COMPOSITION, INFORMATION, OR INGREDIENTS

Acrylonitrile-vinylidene chloride copolymer, delusterants, stabilizers, and catalysts

3. HAZARDS COMPOSITION / INFORMATION

The product is odorless and white in color.

Burning this product may produce carbon monoxide, which can cause carbon monoxide poisoning or metal fume fever.

4. FIRST AID MEASURES

Inhalation: If exposure results from burning the product, move to fresh air. If headache or dizziness occurs, seek medical attention.

Eyes: Flush eyes with water for approximately ten minutes. If irritation persists, seek medical attention.

Skin: Wash skin with soap and water. If irritation persists, seek medical attention.

Ingestion: No specific treatment is necessary, as ingestion of the staple is not likely.

5. FIRE FIGHTING MEASURES

Burning this product can produce carbon monoxide, antimony oxide, aldehydes, carbon dioxide, ammonia, hydrogen cyanide, and nitrogen oxides. Firefighters should use self-contained breathing apparatus and wear full protective bunker gear. Use water spray, carbon dioxide, dry chemicals, or foam.

6. ACCIDENTAL RELEASE MEASURES

No protective measures required unless the product is involved in a fire (see section 4).

To clean up product scraps, sweep up material for salvage or disposal.
