

FIND YOUR RING SIZE

THE SECRET TEST

- Print out chart of ring circles
- Find a ring that currently fits the desired finger
- Place ring on top of each circle

When a perfect ring match is found, this is your ring size!

THE PAPER TEST

1. Cut a thin strip of paper the length of a pen
2. Wrap the paper around desired finger below the knuckle
3. Mark a line on paper where the ends overlap
4. Measure the distance between both lines in millimetres

Its time for some math! Take this measurement and divide by 3.14. Match the result with the closest millimetre measurement on our sizing chart. This is your ring size!
